## BLISS DISCUSSES PEACE ON BORDER

Suggestions Are Made by  
Commission As to  
Methods

NEW LONDON, Conn., Sept. 13.—Suggestions as to what methods shall be employed to establish peace on the Mexican border were submitted today to Major General Bliss, U. S. A., by the American members of the American-Mexican joint commission. The officer's opinions were sought on subjects ranging from the withdrawal of American troops from Mexico to the possibility of creating an international police to guard the border. No conclusion, however, was reached, and the commissioners will continue their conferences with General Bliss tomorrow.

The joint commission held a lengthy session today, during which the various decrees issued by General Carranza which affect American controlled mining interests in Mexico. An exhaustive study of the situation was begun. The Mexican commissioners explained in detail the purposes of the decrees, insisting that they were designed to promote the mining industry, not to drive out American capital and confiscate its holdings.

**Discuss Military Patrol**  
In their conference with General Bliss, the American commissioners took under consideration the advisability of proposing such a system of border patrol that a part of the Mexican troops now engaged in this duty would be released for the pursuit of bandits at a distance from the line. They considered also the attitude of Americans living along the border, as reported by General Bliss and obtained from the officer estimates as to the number of soldiers necessary to put into effect any of the plans suggested. Discussing the wider aspects of the commission's work, Secretary Lane said tonight it was probably unique in the history of international bodies in that it was going into all that concerned the life of a nation, its economic problems, its political struggles, and every phase of government.

It was possible, he said, that no conclusions would be reached as to many of

## COMPELLED TO CROSS ATLANTIC 3 TIMES

SAVILLO, Sept. 13.—(By wireless to Sayville.) Dr. Krumm, a Mexican diplomat with proper credentials, was compelled by the British to cross the Atlantic three times before proceeding to Switzerland, according to the Overseas News Agency. Dr. Krumm, who holds a consular commission in the Constitution of the army, was sent by General Carranza, the new Mexican president, to Switzerland to represent the Carranza government. He is quoted as having said in a consular note of the Foreign Office at Berlin, Switzerland, that he started from New York four months ago, having obtained from the American government a certificate of identity in addition to his Mexican passport. According to this account, he was detained at New York by the British agents, who attempted to search his baggage, and on being prevented from the seal on Dr. Krumm's letter from the American government, the steamer was taken to the Orinoco, where Dr. Krumm is said to have been detained for several weeks. It has been represented that he was carrying messages from the United States to Germany. He was then sent to Scotland Yard, the news agency says, and finally back to New York, where he proceeded to Switzerland by way of Spain and France.

The things discussed, he added, however, that the Mexicans would have knowledge of the views held in the United States as a result of the deliberations, while the American commissioners were gleaming a wide knowledge of conditions below the border. Even the international responsibilities of Mexico were being talked over. Mr. Lane said, and it was necessary that all these things should be considered in order that an enduring government should be set up in the distressed republic. Complaints of American mining interests in Mexico led to the present investigation. In explaining the decrees complained of, the Mexican commissioners pointed out that one of the aims of the Carranza government was to prevent speculation and unproductive monopolization of mining lands. The Carranza government, it was said, virtually has reversed the system in operation during the Diaz regime.

## URGES ESTABLISHMENT OF COAST SYSTEMS

Chairman of Federal  
Trade Board Talks  
to Ohio Bankers

COLUMBUS, Ohio, Sept. 13.—(By telegraph.) Chairman of the Federal Trade Commission, in an address before the Ohio Bankers' Association here today.

The man who does not know his true costs is the man who prices his goods too high, and thereby invites the loss of his business, he said. At the same time that he ruins his own, said Hurley. He also urged that strenuous efforts to increase American foreign trade, particularly by establishing branches of American banks abroad, be made to meet the most efficient and larger scale production of European countries when peace comes.

Nine-tenths of the concerns reported to the Federal Trade Commission do not keep adequate records, Hurley declared. "Since they cannot tell where they are making money and where they are losing it, they cannot tell where to improve economies," he added. "Out of the sixty thousand corporations that report an annual income of \$5000 or over, half do not charge off a single penny for depreciation. They even go on paying taxes to the government on inflated values and inflated earnings."

The trade commission has prepared pamphlets describing fundamental cost accounting, and is prepared to send experts to assist trade associations in adopting some sound system, Hurley explained.

Comparing British and American banking systems, Hurley said: "The total capital and reserves of the fifty-seven British overseas banks exceed \$500,000,000. Although our domestic banks, loan and trust companies, have a capital and surplus of \$2,400,000,000, the capital and surplus of the world combined, the capital and surplus represented by our overseas banking is less than \$7,000,000. We are permitting our commercial rivals to do our foreign banking for us and to obtain the financial and commercial advantages that naturally result."

## MANY AERIAL RAIDS BEHIND GERMAN LINES

PARIS, Sept. 13, 3:33 p. m.—Numerous aerial engagements and raids by French aviators on points behind the German lines are reported in the Aviation section of today's official statement, which says:

"On the Somme front our aeroplanes fought seventeen engagements yesterday. Two German machines were brought down, one in the direction of Altonville and the other in the neighborhood of Aisvillers, northward and northward of Fromen. Four enemy machines appear to have been badly damaged.

"Last night our bombardment squadrons dropped a large number of bombs. Eighty-seven bombs of 120 millimeters were dropped on the railroad station and small buildings at Altonville, where two explosions followed by fire were noticed. Twenty-four bombs were dropped on the railroad station at Rolsel and on depots at Hendricourt. Seventy-four bombs were dropped on enemy installations in the region of Eluise, thirty on bivouacs in the region of Damvillers and six shells on Montmedy station.

"During the same night one of our bombardment groups carried out the following operations:

"One hundred and five bombs were dropped on Thionville station, six on the Tekeneng-tron foundries, and during this bombardment one of our machines covered the distance to the scene of the operations twice. Six bombs were dropped on iron foundries at Lionbach and six on the railroad from Stret to Pont-A-Mousson."

## SAY RUSSIANS TOLD TO SLAY GERMANS

BERLIN, Sept. 13.—(By wireless to Sayville.)—Russian methods of warfare are described by several eye witnesses, says the Overseas News Agency. "An Austrian sergeant major, who escaped from the Russians, reports that soldiers of the Twenty-second and Twenty-third Siberian Rifles, told him three German infantrymen who were captured were taken behind the lines and stabbed on command of Russian officers. A non-commissioned officer of the Cossacks and a Russian order has been issued to kill prisoners.

"Three Russian soldiers of the Fifth Turkoman Rifles, who are now prisoners, say the commander of their company repeatedly ordered them not to take German prisoners, but to kill them. A special order issued in August says:

"Commanders, when we attack, every one shall keep in mind that Austrians may be taken prisoners, but that Germans as far as possible shall be killed."

## MAKE NIGHT FLIGHTS TO TEST AERO RADIOS

SAN DIEGO, Cal., Sept. 13.—Night flights for the purpose of experimenting in the transmission of radio signals from aeroplanes under conditions which prevail during the hours of darkness are being made at North Island by Captain C. C. Culver, holder of the world's long distance radio transmission records from an aeroplane.

With Lieutenant Herbert Dargue as a pilot, Captain Culver has flown for nearly two hours each night. The aeroplane ascends to a height of several thousand feet, but at all times keeps within gliding distance of North Island, where the signal fires indicate a safe landing place.

Tests in receiving long distance signals also are being made to perfect atmospheric conditions prevailing after nightfall, being such that it is believed signals can be received from stations north of Los Angeles and from coastwise steamers.

## TO REPORT ENTRY OF WAR VESSELS

## THINKS SPAIN MUST GIVE UP NEUTRALITY

PARIS, Sept. 13. 11:30 a. m.—Spain must decide in favor of one or the other of the groups of belligerents in the opinion of Antonio Maura, former premier and leader of the conservative party, according to news despatched from Madrid, quoting an address delivered by Senor Maura.

The address was delivered at Hendaia near Bilbao at a meeting attended by 6,000 Mauristas. The former premier declared, according to the despatches, that Spain could not abandon her neutrality, but that the conditions of the war made her isolation henceforth impossible. He is quoted, as saying that it was more essential that France and England should not be hostile towards Spain.

The Madrid despatch predicts that Senor Maura's speech will cause a strong impression throughout the country as his prestige was never so high as at present. The majority of his followers are supposed to be pro-german in their sympathies.

Tuesday in the district west of Turukovo Lake our columns had skirmishes with Bulgarian detachments which were driven in beyond the Demir-Hissar-Dobruja railway line."

## ILLINOIS VOTERS NOMINATE IN STATE PRIMARY

(Continued from Page 1.)  
Lister, the present state executive, was re-elected for governor.

The voters also assured the nomination for Congress of the following:

John P. Miller, Representative Lindley H. Hoiles, Representative Albert Johnson, W. L. La Follette, Tom Corley of Spokane is leading in his contest.

Democrat: George E. Caterhill, Mrs. Frances C. Astell, G. P. Fishburne, C. W. Masters, Representative A. C. Dill.

### Carlson Lead Grows

DENVER, Sept. 13. Returns coming in slowly from Tuesday's state wide primary in Colorado early tonight increased the lead of Governor George A. Carlson over Samuel D. Nicholson for the gubernatorial nomination on the Republican ticket.

### Louisiana Results

NEW ORLEANS, Sept. 13. (Unofficial but nearly complete returns from yesterday's democratic primary indicated that former Governor J. Sanders was nominated to succeed Representative Lewis Morgan from the Sixth district by a majority of about 10,000 votes.

In the seventh district, where there was a three-cornered fight, Representative L. Lazaro appeared to have defeated his two opponents, Edwards and Darbo, by a small plurality. A second primary may be necessary.

### Manning Defeats Blease

COLUMBIA, S. C., Sept. 13.—Governor Richard I. Manning has been renominated for governor of South Carolina over former Governor Cole Blease, according to nearly complete unofficial returns from yesterday's democratic "runoff" primary compiled here today.

### Page Re-Nominated

BURLINGTON, Vt., Sept. 13.—Returns from the first direct primary held yesterday in Vermont, shows that Carroll S. Page, republican of Hyde Park, had been renominated for the United States Senate over Governor Charles W. Gates and former Governor Allen M. Fletcher.

## ANOTHER SUBMARINE TO LEAVE FOR U. S.

BERLIN, Sept. 13, via London, Sept. 13. 9:45 a. m.—Reports from Bremen say that another merchant submarine is expected to leave that port for the United States at the end of the present month. None of the projected sister ships to the Deutschland and Bremen has, however, been completed yet, according to a statement by Philip Heineken, one of the directors of the Ocean Navigation company, owner of the Deutschland.

Asked when the Bremen was expected to arrive in America, Director Heineken said:

"Only the Gods know."

He refused to discuss the matter further.

### CREW IS LANDED

LONDON, Sept. 13, 10:20 a. m.—A despatch to Lloyd's from Genoa says that forty-seven members of the crew of the Norwegian steamer Elizabeth IV had been landed at Savona by the Greek steamer Petritsis.

The Elizabeth IV, measures 4,812 tons and was last reported at Colombo on August 11. She was on her way to Marseilles from Shanghai.

### Corns Loosen, Lift Right Off

Nothing But "GETS-IT" Will Do This to Corns and Calluses.

If you've ever had corns, you've tried lots of things to get rid of them—salves that cut your toes and leave the skin raw, burning, cotton things that make your corns bulge out like pop-corn, and

harnesses and bandages that fill up your shoe, press on the corn and make you feel like a living block. What's the use? Why not do what millions are doing, take a second's rest and apply "GETS-IT"? It dries, you put your stockings on right away, and wear your regular shoes. Your corn loosens from the toe, it lifts right off. It's painless. It's the common-sense way, the simplest, easiest, most effective way in the world. It's the national corn-cure. Never fails. "GETS-IT" is sold and recommended by druggists everywhere, 25c a bottle, or sent on receipt of price, by E. Lawrence & Co., Chicago, Ill.

Sold in Fresno and recommended as the world's best corn remedy by San Joaquin Drug Co., and Smith Bros.

## NEW GREEK CABINET NOW BEING FORMED

Zaimis Resigns; Dimitracopulos New Premier; Venizelos Supporter

ATHENS, Sept. 13, 12 noon, via London, 9:05 p. m.—King Constantine has asked M. Dimitracopulos, former minister of justice, to form a new cabinet. M. Dimitracopulos has accepted in principle and will confer with the King this afternoon.

LONDON, Sept. 13, 9:20 p. m.—M. Dimitracopulos, who has been asked to form a new Greek cabinet, is a supporter of the policy of former Premier Venizelos. He has expressed the opinion that with Greece in the war, it was time for Greece to abandon her neutrality.

ATHENS, Sept. 13, via London, Sept. 13, 8:30 a. m.—King Constantine of Greece has accepted the resignation of Premier Zaimis and has cabinet.

The belief is entertained in the Hellenic capitals that the retirement of the Zaimis ministry is preliminary to the entrance of Greece in the war with the Allies. Recent despatches from Berlin and Vienna show that there also it is regarded as probable that Greece will soon abandon neutrality and join the Entente powers.

The precise causes which led to the resignation of the ministry have not been disclosed, on account of the exceptionally rigid censorship. A London despatch yesterday said M. Zaimis had complained that his cabinet was preventing him from dealing with the external situation. It is believed in London that his resignation was due to the fact that he accepted the leadership of the coalition neutrality, and in view of the Bulgarian occupation of Greek territory had found this impossible. Up to the time of the first despatch announcing that M. Zaimis had presented his resignation, his retirement was unexpected, for it was understood the premier had assumed dictatorial powers and was in an exceptionally strong position.

Internal affairs reached a crisis after the Bulgarians invaded northeastern Greece and the followers of former Premier Venizelos served warning on King Constantine that he must abandon the neutrality. It was said, had misled him and influenced him in favor of Germany. At the same time M. Venizelos expressed confidence in M. Zaimis, whom he asked the King to support, and it was understood an agreement had been reached under which the Zaimis ministry was to continue in power with the strong support of the Venizelos party.

After the fall of the Venizelos cabinet last October on account of the King's disagreement with its policy favoring intervention in the war with the Allies, M. Zaimis was called on to form a cabinet. He announced a policy of armed neutrality. The cabinet resigned in November but in June M. Zaimis was again placed at the head of the government. Although advocating neutrality, he was regarded as having a predisposition to ward the Entente.

## FAIRBANKS TOURS OKLAHOMA TOWNS

ENID, Okla., Sept. 13.—Charles W. Fairbanks, Republican vice-presidential candidate, was met here by 300 people tonight, who gave him a rousing welcome. From the depot to the auditorium he was escorted by a band. On the speaker's platform Mr. Fairbanks was introduced by Congressman Dick Morgan.

Mr. Fairbanks appeared to have completely recovered from the effects of an attack of indigestion which interrupted his address in Oklahoma City last night, and in the reception committee declared he was in excellent health.

Charles Warren Fairbanks, Republican candidate for vice-president, spent a busy six hours at Tulsa today and made a speech at the city hall. Mr. Fairbanks spoke to a large audience here at 11 o'clock this morning.

"Victory will surely come on the banner of Republicanism this fall," he declared.

The Underwood tariff was assailed and the candidate declared that a protective tariff, with the abuses necessary, would be doubly so following the war, when this country must battle for supremacy in the world of business.

Fairbanks left at noon for Enid.

## PROSPEROUS STEEL YEAR IS PREDICTED

PITTSBURGH, Sept. 13.—James A. Farrell, president of the United States Steel corporation, speaking at a banquet tonight, predicted a prosperous year for the steel industry.

"Nineteen hundred and sixteen will go down in history as one of the most remarkable years that the iron and steel industry ever has known," he declared. "Without the necessities of resorting to prophesy, we can assume that the year 1917 will see the blast furnaces and steel works of this country operating at capacity."

Other speakers were Homer D. Williams, president of the Carnegie Steel Company, and Congressman Henry W. Temple, of Washington, D. C.

## SAYS GOLD TAKEN FROM U. S. PRIEST

BERLIN, Sept. 13. (The wireless telegraph.)—Roman Catholic priest, who is a citizen of the United States, says he witnessed an incident which occurred when the British took the Scandinavian-American steamship President VIII into Kirkwall early in August.

"The priest, who was a passenger on the steamship, saw the British take from another passenger, who also is an American, stores in gold, giving him pocket money in place of it."

## KAISER SENDS NOTE ON RELIEF

WASHINGTON, Sept. 13.—A personal note from Emperor William replying to President Wilson's appeal regarding Polish relief measures reached the President today. It was not made public, but the governments of England, France and Germany, in separate official notes, said that the German proposal was impossible.

The state and navy departments have promised all possible assistance to the Polish national defense committee, which proposes to send a ship load of condensed milk to Poland as a Christmas gift to Polish babies.

### WILL START PROBE ON GOV'T OWNERSHIP

CHICAGO, Sept. 13.—Chicago will be the seat of a thorough investigation of government ownership of railroads, telegraph lines, express companies, river and ocean transportation and other public utilities, beginning November 20, Senator Newlands of Nevada announced in an address before the Chicago Chamber of Commerce today.

The investigation, Newlands said, will be conducted by the joint Senate committee composed of the Interstate Commerce Committee of the House and Senate of which Newlands is chairman.

Newlands said the investigation would be conducted in accordance with President Wilson's recommendations to congress.

### SERBIA MAY SEND MINISTER HERE

WASHINGTON, Sept. 13.—Negotiations are in progress between the United States and Serbia for the appointment of a Serbian minister to this country. Serbia never has had a legation in Washington, being represented only by a consular agent at New York, although the American in Belgrade represents the United States in Bulgaria and Rumania also is accredited to Serbia. It was learned today that the Serbian government, which now has headquarters in Paris, has suggested that it send a minister to the United States, presenting in name for approval, and that the state department probably will accept the suggestion.

### ARREST SOCIALISTS

ROME, via Paris, Sept. 13, 11:40 a. m.—Mora and Prati, officers of the Italian Young Men's Socialist association, have been arrested, charged with organizing a series of demonstrations by workmen and other workers for September 21. In the house where the men were arrested the police seized 200 copies of an anti-fascist manifesto which was intended for distribution among the workers at the time.

Mora and Prati are said to be working in connection with the International Young Men's Socialist association, which has headquarters at Zurich.

**NOT REPRESENTATIVE**

The Republican county central committee of Fresno county signified its assumption of office by a queer conception of its representative function. Meeting as the representative body of the Republican voters of Fresno county, it solemnly resolved in favor of a law to forbid those voters from doing what they had just decided by a vote of two and one-half to one they wished to do. The Republican voters of California had just nominated by a large majority a candidate for United States Senator who was a member and the nominee of another party. The vote of the Republicans of Fresno county was proportionately the largest in California in favor of this proposition. Consequently the representatives of those Republicans arrogated to themselves the representative right of declaring that there ought to be a law to prevent their constituents from doing the exact thing which their most recent act had demonstrated that by a large majority they desired to do.

Fatal as has been the epidemic of poliomyelitis of 1916, and far in excess as it has been of other visitations, concern may well be most grave as to its secondary effects. Its consequences in crippling and deformities. Strong ground already exists for apprehension that this year's epidemic may prove a prelude to a nation-wide recurrence next year, adding hugely both to facilities and disabilities.

## Lillian Russell's Beauty Talks

**YOUR TEA.**  
(Copyright, 1916, by Lillian Russell.)  
How do you drink your tea? There is a right way and a wrong way. When tea is used as a beverage to refresh and sustain one it should always be used in this Chinese manner, which is pure, without sugar, lemon or cream.

There is a great amount of careful stimulation in a cup of good tea. It is digestible and beneficial to the system. Few persons in this country understand what tea is or why it is so.

The Chinese were the first to discover the use of it, and that was by making necessary a choice. It seems that many hundred years ago the City of Peking was so overpopulated that the drinking water became infected and disease was devastating many districts. The emperor issued an edict against drinking the water and offered a prize to the person or persons who could discover a non-intoxicating beverage to take the place of water.

The law was that it should be priceless, but with no price. That it should be within the means of the poorest and yet be absolutely pure and refreshing. The result of that proclamation was the little fine leaves we have as tea. Emperors and queens drank it and pronounced it good, and today it is the chief drink of the Chinese people, a people whose civilization is so high and so old that we who send missionaries to teach them could, by understanding them, learn the true nature of culture and civilization and profit by the learning.

A Chinese gentleman watched me making tea on a certain occasion, and laughed immoderately at my way of serving the beverage. He asked me to make the tea for us. He gladly did so, and taught us to make it properly. This water must be boiling—fairly bubbling.

**REEDLEY MUSICIANS COMING SUNDAY**

Fine Program Arranged for Annual Concert of Visiting Band

The annual appearance here of the Reedley Band, consisting of twenty-six players under the leadership of Fred M. T. Garland, will take place in the Courthouse Park next Sunday evening at 8 o'clock. An excellent program has been arranged and the rendition of "District Fair Days," a recent composition by E. Colburn, and which has been adopted as the official song of the Fresno County District Fair this year, it is expected, will attract a large audience to the concert. The program follows:

March—"Chicago Tribune".....W. P. Chambers  
Overture—"Amazon".....Ed Kiesler  
Dance—"Zam-zam".....E. V. Cupero

**G. H. SHEDD WILL BE BURIED HERE**

The remains of George Henry Shedd who died in Oakland Monday arrived in Fresno yesterday. Interment will be made in Washington Colony cemetery.

George H. Shedd was born in Vermont, February 8, 1832. He came to California in 1857, locating in Stockton. Later he moved to Inyo county and in 1858 to Fresno county, which was his home until two years ago when he moved to Oakland. He is survived by his widow, Mrs. Jennie W. Shedd, two daughters, Mrs. Mary Richardson of Visalia and Grace Shedd of San Francisco and two sons, John Shedd of Oakland and Ben Shedd of Woodland.

The members of Grace M. E. church held their annual meeting last evening. The pastor, Rev. W. L. Dexter, was unanimously elected to return for another year. The finances of the church were found by the superintendent, John Oliver, who presided at the meeting, to be in the best condition in the history of the church. Officers were elected as follows: Trustees, Robert H. Nicol, H. W. Williams, J. H. Peyton, C. Q. Young, L. H. Clark, stewards, E. J. Chamberlain, Laura E. Mariner, Mrs. C. Q. Young, Mrs. B. A. Walker, Miss Anna Crawford, Mrs. H. W. Williams, S. J. Hawkins, Ernest Taylor, president; Edward Leary, Mrs. Lillian Jones, Sunday school superintendent, J. W. Ritter, superintendent home department, Mrs. R. A. Walker, superintendent cradle roll, Mrs. J. H. Peyton. The pastor will leave Monday for conference at Santa Ana.

## The Confidence of Employees

**L**ENGTH OF SERVICE is one method by which an employee indicates his satisfaction with the conditions under which he works.

The Owl Drug Co. is notably fortunate in this regard. Some of those who were with the company at the time of its formation twenty-four years ago are still connected with it.

The normal employee quickly becomes dissatisfied when forced to meet the public under conditions that do not inspire confidence.

With the confidence of the public established, however, every employee finds it easier to make a better record with less effort and with no unpleasantness.

We convince our employees of our integrity first, knowing that their confidence will prove infectious with all who come in contact with them.

## SEEK SHIRKERS FROM RACE GOERS

LONDON, Sept. 13.—(Cable.)—Military police carried out an extensive raid for shirkers from military

service today at the Newmarket race course. It is the first time since the outbreak of the war that military police have been employed at the Newmarket race course.

## UNUSUAL ROBBERY OCCURS ON TRAIN

BUFFALO, N. Y., Sept. 13.—Seven passengers on a Canadian Pacific train from Toronto were victims of an unusual robbery as the train crossed into the United States yesterday. The train had been stopped by the customs inspection when a man walked into one of the coaches and began questioning the passengers.

He demanded: "How much money have you got?" Mrs. Ardill opened her purse, and the man counted \$110. He returned \$85 to the woman, saying that he would have to keep the remainder as a "deposit." He wrote a receipt for the money as "paid over to the United States customs at Buffalo."

In the confusion the man and \$85 from Edward "Freddie" of Bramford, Ont. Five others in the car also gave up money.

## PERSHING UNABLE TO FIND VILLA

SAN ANTONIO, Texas, Sept. 13.—General Pershing today sent a message to General Funston here, in which he said that no new traces of Francisco Villa had been discovered by either of his patrols of the Carrizal zone.

No mention was made of the stationing of American patrols at San Antonio, Victoria and Carmen, but the fact that the American commander and the Carrizal zone had exchanged information was taken here to indicate that they were working together to eliminate the bandit.

General Funston said last week General Pershing might co-operate with the de facto government troops against the Villistas.

STEEL DIVIDEND NEW YORK, Sept. 13.—The Lackawanna Steel Company, one of the industrial concerns in the country that has profited by the war, today declared a quarterly dividend of 1 1/2 per cent out of current earnings, paying the common stock on a 4 per cent basis. The only previous dividend declared on this issue was 1 per cent in 1913.

## Disguised Officers Catch Greeks in a Quiet Little Game

Disguised as a street-sweeper, and accompanied by a faithful member of the force in the unobtrusive disguise of a working man, Chief Gough made a successful raid on a quiet little game, the Greek equivalent of "patience" played by the Hellenic gamblers. The raid was made on a school at the corner of E and Fresno streets, and the officers were successful in catching the gamblers with the money on the table.

## NEW STUDENTS SHOW INCREASE AT NORMAL

Old Students Will Register Today; First Assembly Tomorrow

A notable increase in enrollment took place at the Fresno State Normal school yesterday, and at the end of the day it was found that nearly 100 new students would take up work this year. Old students will enroll today. All students will assemble tomorrow morning at 10 o'clock in the auditorium of the new school building for the opening exercises of the school. In the afternoon, students will enroll in their various classes, and by cutting short the periods a full program will be carried out. Full periods and actual instruction work will begin on Monday.

## RESIDENCE FIRE THREATENS CITY

PORTERVILLE, Sept. 13.—Fire which is believed to have started from a defective gas stove in the kitchen of the home of Mrs. Sarah Tures, at Second and Harrison streets, this evening, completely destroyed the building with a loss of \$400, partially insured. Mrs. Tures, who was on the second floor of the building, was painfully burned when the flames burst through the floor of the room in which she was sitting. This was her first habitation of the fire. Nothing of value was saved from the building. The department had a hard fight to prevent the fire spreading to adjoining residences as the entire rear of the building was on fire before the alarm was turned in.

PYTHIANS COMPETE FOR CUP COALINGA, Sept. 13.—The drill team of Coalonga lodge, Knights of Pythias, left this evening for Hanford, where they will compete for the Pythian Cup, a trophy which is awarded to the lodge which wins the cup donated by the Pythian Congress.

## CHARGES THAT WILL IS TAMPERED WITH

CHICAGO, Sept. 13.—The will of James M. Morrison, whose \$5,000,000 estate is involved in the bankruptcy proceedings against his son, Edward Morrison, has been tampered with, Mrs. Phil R. King, Morrison's step-mother, testified in the hearing before Federal Judge Landis today.

## QUARTERMASTERS LOSE ANIMALS

SAN ANTONIO, Texas, Sept. 13.—A request that Captain J. H. Walden and Fred W. Lacy, quartermasters, respectively, of the First and Second Illinois regiments of infantry, be returned here for court martial, was sent to the war department at Washington by Major General Funston today.

It is charged that they were guilty of neglect of duty in caring for government property by losing some fifty horses and mules, valued at about \$15,000, belonging to the United States army.

ROBBERS CONFESSES MARTINSHUR, W. Va., Sept. 13.—Charles Jefferson Harrison of San Antonio, made a full confession of the train robbery with which he was charged in the United States court here today before Judge Dayton. Sentence of twelve years imprisonment in the penitentiary at Atlanta, Ga., was imposed.

KILLED IN SCUFFLE INVERSIDALE, Cal., Sept. 13.—Mrs. Rita Throop was killed today by the discharge of a shotgun over which she and her husband were wrestling playfully. She had hidden the gun in a box her husband was going to throw away.

## NEW LUBRICANT RESISTS HEAT PREVENTS RAPID SEDIMENTATION

Ordinary oil breaks down under the terrific heat of an automobile engine. Within a few hours, black sediment is formed, partially clogging the remaining liquid from the friction points where lubrication is most vital. Such underlubrication causes friction between the metal surfaces, intense heat, loss of power and expensive repairs.

The new lubricant that resists heat prevents rapid sedimentation, insures general lubrication, and, except where mechanical faults exist, prevents carbon.

Relative Oil Destruction The contents of the bottles shown, illustrate the relative durability of ordinary oil and of Vedol. The new lubricant that resists heat, Vedol, demonstrates only a small fraction as much sediment as ordinary oil. There is a fundamental difference between ordinary oils and Vedol. Ordinary oils are unstable and therefore unserviceable because of non-heat-resistant chemical structure. Special processes of refinement, developed by this company and the use of Pennsylvania paraffine-based crude oil give Vedol the new lubricant its unusual chemical structure, and its remarkable resistance to heat.

Make this test Clean out the crank case. Fill with Vedol. Run the motor about thirty seconds under its own power, then draw out all kerosene and refill with Vedol. Now make a test run over a familiar road—steep hills and along straight, level stretches. Keep a record of oil and gasoline mileage. You will find that your motor has also cleaned new pickup and ball churning ability. Vedol enables you to get the maximum mechanical efficiency from your car and to reduce its expenses. Get a five-quart can of Vedol and make this convincing road test.

## MILKMEN COMPLAIN OF INCREASING COSTS

WASHINGTON, Sept. 13.—Complaints from milk producers in many sections of the country that the cost of production is increasing and their net returns growing smaller will be investigated by the department of agriculture. W. J. Spillman, of the office of farm management today announced that he would appoint an expert to make a nation-wide inquiry into the cost of producing milk, and whether milkmen were justified in seeking higher prices. In the opinion of Mr. Spillman, scarcity of feed cattle and too much regulation of dairymen by city authorities have increased the cost of milk.

## TO REBUILD BRIDGE

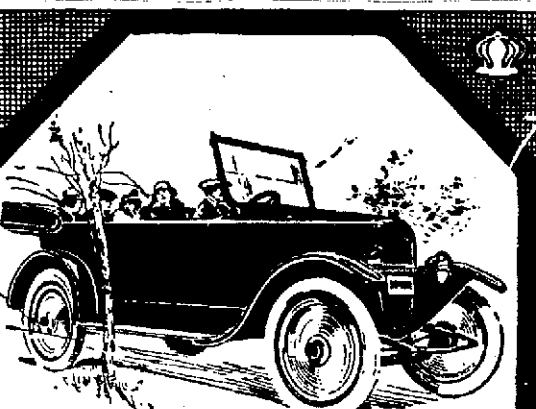

OTTAWA, Ont., Sept. 13.—The St. Lawrence Bridge Company has notified the Canadian government that it accepts full responsibility for the fall of the Quebec bridge span, and gave notice it would undertake to replace the span and complete the bridge as soon as possible. With steel scarce, it is believed it will take two years to construct a new span.

## DECREASE IN PARALYSIS

NEW YORK, Sept. 13.—There was a decided decrease in the epidemic of infantile paralysis during the twenty-four hours ending at 11 a. m. today. There were only nine deaths, one-half of yesterday's toll, and thirty-one new cases, seven fewer than yesterday.

## Train Your Hair As An Actress Does

No class of people devotes as much time to beauty as do actresses, and naturally no class must be more careful to retain and develop their charms. Inquiry among their devotees the information that in hair care they find it dangerous to shampoo with any makeshift hair cleanser. Instead they have studied to find the finest preparation made for shampooing and bringing out the beauty of the hair. The majority of them say that to enjoy the best hair wash and scalp stimulator that is known, get a package of cantharax from your druggist; dissolve a teaspoonful in a cup of hot water and your shampoo is ready. It costs less than three cents for this amount. After use the hair dries rapidly, with uniform color. Dandruff, excess oil and dirt are dissolved and entirely disappear. Your hair will be so fluffy that it will look much heavier than it is. Its lustre and softness will also delight you, while the stimulated scalp brings the health which insures hair growth.

## How to Keep Well, Talks on Health

By DR. W. A. EVANS  
Professor of Hygiene in Northwestern University and Former Health Commissioner of Chicago

### SHALL THE SCHOOLS BE CLOSED?

As to the advisability of closing the schools in the event of an epidemic of an ordinary infectious disease, all well informed health authorities are agreed. It is an epidemic of an epidemic of an epidemic. The people are not vaccinated at school. When vaccinated they are vaccinated at school.

### Merchants to Decorate Stores

The fair management desires all Fresno stores to decorate during the week. The colors are blue and gold. The same as used by California. It is a day—so that merchants need not go to any extra expense in decorating their stores for the last week of September.

### Tractors for Farmers

Demonstrations will be given this year at the fair by companies manufacturing tractor engines and this will be one of the main attractions for the farmers interested in the new method of farming. Different kinds of plows will be put on the tractors and plans are being made to make this event of interest to the farmers.

### Tubercular Exhibit Here

One of the chief educational exhibits that will be at the fair this year will be put on by the California State Board of Health. A great part of the tubercular exhibit that attracted so much attention at the state fair will be installed here and will be under the direct charge of Miss E. L. M. Tate, director of Bureau of Tuberculosis for the State Board of Health.

schools must be kept open. The morning roll call is an excellent machine for looking for lost children, including children of children. The gossip of the school room and playground furnishes clues to missing cases. The pupils are not vaccinated at school. When vaccinated they are vaccinated at school.

It is as well established that in the presence of epidemics of scarlet fever and diphtheria it is advisable to keep the schools open. As to the presence of measles there is some disagreement among authorities. Some hold that the closing of the schools at the beginning of an epidemic is helpful. All are agreed that after an epidemic of measles has been well established closing the schools does harm rather than good.

When it comes to infantile paralysis there are circumstances under which the opposite policy is wise. The authorities in New York have decided not to keep the schools and later in the season. This is good judgment for the following reasons. We know very little about the way in which infantile paralysis is spread. It will be noted that the precautions advised include keeping away from crowds, contacts, carriers, and people generally (on the theory of spreading by contact), screening against flies (theory of insect carriers), sprinkling the streets and grounds (theory of air borne infection), not to mention several other untried precautions.

The reason they make these stringent recommendations is because, for a time, they do not know what spreads the disease, nor even approximately what it does to prevent spreading. Under these circumstances, in the face of an epidemic of infantile paralysis, all available precautions should be applied. The schools should not be opened until the epidemic is very definitely approaching its end.

The drawback to giving this advice is that many communities to which it does not apply will apply it to themselves. Though it is good advice for New York, it is poor advice for Chicago. The Chicago schools should be opened as soon as it seems to be a very contagious disease that the noses of contacts become infected with the virus. It is a well known fact that very few of those in contact with infantile paralysis contract the disease. From the standpoint of infection it is not very contagious; from the standpoint of infestation of the nose, it is. Because it affects principally children under school age and because it is not highly contagious it is wise to keep the schools in a city where but few cases of infantile paralysis exist.

Don't Take Too Much.  
"I. A. writes: 'I ask your advice about two (2) grain quinine capsules: 1. Are they injurious to the kidneys? 2. Also is one capsule a day sufficient to avoid typhoid? 3. I work outside and pump water is not of the best.'

Reply.—1. No. You should not take more than fifteen a day, however. 2. Quinine will not protect you against typhoid. If you must drink suspicious water, by all means get vaccinated against typhoid. This water can be made safe by heating it short of boiling.

Hernia.  
"I. C. H. writes: 'I. Please tell me whether you would advise an operation for an ordinary case of hernia? 2. Are such operations usually a success, that is, do they effect a permanent cure? 3. Do you know of any cases where the use of a truss has effected a cure when worn constantly for a term of years? 4. Is there danger in going without a truss?'

Reply.—1. Depends on the inconvenience it causes. Also upon whether it causes edema, pain, or often, 2. Yes. 3. Not in an adult. There are such cases but not many. 4. Yes. There is always the possibility of strangulation.

Migraine.  
"K. K. writes: 'I. Will you please tell me what is the cause of the prickly tingling sensation in my left arm and side of face? These attacks are accompanied by 'wheels in my eyes' and terminate in a severe headache. What must I do to prevent these attacks? 2. What is the cause of cramps in one's toes and what can be done to prevent them?'

Reply.—1. Judge you have migraine. The treatment of migraine is very unsatisfactory. You can lessen the number of attacks somewhat by keeping your bowels open, by exercising in the open air, by sleeping out of doors, and by living on vegetables, fruit and bread and eating very little meat. Even so radical a change in your habits as is indicated above will not wholly prevent you from having spells.

2. If you will wear larger shoes and will exercise, your foot and lower leg muscles more the cramps will not trouble you.

## DRASTIC DIVORCE RULE IS PROPOSED

Episcopal Commission Proposes to Prohibit Remarrying

CHICAGO, Sept. 13.—Marriage between parties divorced for any cause, either of whom has a husband or wife living, will not be permitted hereafter in the Protestant Episcopal Church, if a new canon, recommended by the commission on marriage and divorce, is adopted by the general convention of the church at St. Louis, October 11, according to an announcement today.

The commission is composed of five bishops, five priests and five laymen. "The proposed legislation does not affect cases where the marriage relation is annulled by the courts for causes arising before the marriage. The difficult question as to whether divorced persons who have been remarried by the civil authority or by a clergyman of some other church still shall be admitted to holy communion is to be referred by the parish priest to the bishop of diocese, and his decision is to be final."

## FORD IS "LOST" IN SAN FRANCISCO

SAN FRANCISCO, Sept. 13.—Henry Ford, the Detroit automobile manufacturer, and leader of the recent expedition to Europe to endeavor to bring about peace, is lost "somewhere in San Francisco." That is, he is lost in the sense that he cannot be found. Ford arrived in Oakland, across the bay, in his private car early this morning. But he left the car at the Sixteenth Street station and slipped quietly across to San Francisco, leaving giving his would-be well-wishers the slip. Mrs. Ford, who accompanied him, remained in the car, and stated that her husband wished to "avoid the fuss of a reception and walk about the city unnoticed."

The Ford party is scheduled to leave this afternoon for Los Angeles.

# STILL SOME HOPE FOR FRESNO EXHIBIT

State Fair Booth, Burned Out, Admittedly a Prize Winner

Scheme Now to Pro Rata Money Among All Contestants

That there is still some hope of Fresno county being awarded first prize for the best exhibit played at the State Fair at Sacramento, or at least receiving a portion of the prize money, was the statement made by Secretary William Robertson of the Fresno County Chamber of Commerce last night when he addressed the board of directors of the chamber at their regular meeting.

From all reports of disinterested parties, it seems that the Fresno county exhibit would surely have won the first prize had not the fire come along and destroyed it," said Robertson. "Any number of visitors were struck by the beauty of our exhibit, and since its destruction many have made the statement that it was deserving of the first prize. So much comment has been passed about it and its unfortunate destruction that the board of directors of the State Fair, I am told, intend requesting the board of control to reconsider the awarding of the prizes, and if no other action can be taken, to pass all the prize money and prorate the sum among all the exhibitors."

"Failing this," said Robertson,

# DEAL PENDING FOR INDUSTRIAL SITE

Investment of \$200,000 May Be Made Near This City

That a deal is pending for the purchase of 100 acres adjacent to one of the railroads going through Fresno and that the land will be used as an industrial site and \$200,000 expended on improvements, was the information given out yesterday by E. J. Marsh, of Burman & Marsh of San Francisco. He is registered at the Hotel Fresno and is accompanied by J. Wallace Marsh, secretary of the realty firm.

Marsh said that he could not give out any definite information, but that he thought the deal would be closed within the next few days. The purchase of the land will cost approximately \$200,000, making an investment of about \$200,000. Employment will be given to seventy-five or one hundred men.

Marsh is well known in Fresno, having with Levy Bros. negotiated the sale of the Egan building.

The directors intend asking that a bill be passed at the coming session of the legislature, which would provide for an appropriation out of which the exhibitors who suffered through the blaze might be recompensed.

Seven new members were nominated into the chamber of commerce at its meeting last night. They are the West Side Undertaking Parlor, A. B. Crow, Oscar Parlier Company, Manning Brothers, C. C. Temple, Sides & Irving and Malouin & Palmrose. John A. Neth, president of the body, was authorized to appoint a committee of two besides himself to represent this organization in the campaign to gather funds, in support of the good roads movement.

# NEW ESPEE AGENT ARRIVES IN FRESNO

Predicts Marvelous Growth in Shipments From Valley

C. L. McPaul, who will assume the duties of freight and passenger agent for the Southern Pacific in the Fresno and Stockton divisions, arrived in this city yesterday from Salt Lake City, where he had been in charge of the intermediate division, comprising the territory in Utah, Idaho and Nevada.

McPaul was shown about the city yesterday, and introduced to many of the large shippers.

"This is the heart of a truly great state," he said yesterday. "Radiating from Fresno are the main trade routes. It is truly wonderful. I believe that in a few years this will be the most productive division of any railroad in the United States. Right now it is so far from the lead."

"It is not a prediction, but a fact," he said. "The transportation facilities will be increased as the demand becomes greater. This follows as a necessity."

"I am glad, however, that I have found my work in such a progressive city, and I hope that I may do a great deal toward helping to facilitate the rapid handling of shipments from the shipper to the consumer."

McPaul assumes his new duties tomorrow.

# PREMIER TANG IS AGAIN IN FAVOR

Chinese Statesman Directs Activities of Ultra-Republicans

SHANGHAI, China. (Correspondence of The Associated Press.)—Tang Shao-yi, who was the first premier under the Chinese republic, but incurred the displeasure of Yuan Shih-kai and had been out of favor for a period of four years, has again loomed big in Chinese affairs and is the center of the crowd of ultra-republicans at Shanghai who are endeavoring to direct the reorganization of the republic.

Tang Shao-yi was educated in America and became well known in official circles there when he was sent to Washington in 1903 to thank the United States government for returning to China the portion of the Boxer indemnity money which exceeded the actual losses suffered by American citizens through the Boxer rebellion.

Associated with Tang Shao-yi, in the present effort to direct the reorganization of the Chinese government along more democratic lines are Dr. Wu Ting-fang, former minister to the United States; Dr. Sun Yat-sen, the first provisional president of the Chinese republic, and many other Chinese of international reputation.

Although Tang Shao-yi was designated minister of foreign affairs in the cabinet formed by Premier Tuan Chi-fu after the death of President Yuan Shih-kai, he has not yet gone to Peking to assume his duties—preferring to remain in conference with his associates at Shanghai until his cabinet appointment shall have been ratified by the parliament reassembled under the terms of the Nanking provisional constitution, proclaimed by President Li Yuan-hung to be the legal constitution of China pending the drafting of a permanent constitution under the direction of parliament.

Tang Shao-yi's home on Range Road in this city is a large European house surrounded by beautiful gardens, bright with tropical flowers and foliage. The house has many verandas and reception rooms, which were filled with Chinese political leaders waiting for conferences with him at the time the Associated Press correspondent called and was received in audience by the Shanghai leader.

Mr. Tang Shao-yi discussed the future of China very optimistically. "I am very hopeful concerning the outcome of the present crisis," he said. "I believe recent disaster has taught Chinese leaders a valuable lesson. It has been demonstrated that the Chinese are earnest about making a republic, and will not tolerate leaders who desire to thwart the public will and direct affairs to suit their personal ambition."

"China does not want a continuation of government similar to that maintained under the Manchu emperors. They retained their position through military strength and through that alone. By sending northern troops into all the southern provinces they dominated the south, but never won the loyalty and affection of southerners. It has always been very offensive to the south to have troops quartered upon it who spoke different dialects and were really foreigners to the south."

"Under the republic the same tactics were followed. Soldiers from the provinces north of the Yangtze were quartered upon the southern provinces, just as in the Manchu days. It was a continuation of the old military domination. This system will not work. Southern provinces will not submit longer to any such indignity, and there will never be any peace in China until new methods are adopted. I think the time has come when leaders in all sections realize this, and expect to see parliament allowed a free hand to correct the old abuses."

Mr. Tang Shao-yi's native province is Kwangtung, the center of the greatest political strife in China at the present time. When asked if he thought Kwangtung province will be harmonized and brought into line through the efforts of parliament, Mr. Tang Shao-yi responded in the affirmative. He said all the troubles in Kwangtung now are traceable directly to military domination, and can be cured by meeting the demands of the Cantonese for the withdrawal of northern troops and the maintenance of order through the use of the local military.

## ONCE WAS KING; NOW A CONVICT

### Youthful Annam Ruler Pays Penalty for Revolt Against France

PARIS. (Correspondence of The Associated Press)—The sixteen-year-old king, Duy-Tan, of the French protectorate of Annam, on the China sea, who was recently deposed because of his alleged fomenting of a revolt, has been sent to the French penal settlement on Reunion Island where he has donned the convict uniform in place of the richly jeweled royal garments which he was entitled to wear in his palace at Hue.

According to the reports which have reached Paris, Duy Tan fell victim to the charms of an Annamite woman, Tran Cao Van, who had already suffered punishment in 1906 for inciting to revolt against the French protectorate. A mere boy, Duy Tan was flattered by the wizard with the idea of becoming an absolute ruler, and as the simplest and most direct means to his end resolved to instigate a rising among his people and even got as far as drawing out commissions for the leaders when he was arrested by the French resident general who had been informed of the plot.

The king's arrest took place on the day on which a final council of the rebels was held. Towards midnight it was reported that the king had left the Palace declaring that he was about to throw off the French yoke and first of all "banish the European chiefs to disappear."

Two days after his flight the king was caught with a number of rebels at a well known Annamite shrine, the "Expansive of Sacrifices." The French have replaced Duy Tan on the throne by Prince Hu Dao, who takes the royal title of that link, which means "the beginning of a new peace era."

## PIPE ORGAN WILL BE READY IN SHORT TIME

Public Dedication Will Be Held in Fresno Auditorium

Organ Will Be Assembled Within Next Two or Three Weeks

Work is progressing on the pipe organ and it is thought that the organ will be installed and ready for use within the next two or three weeks. Mayor Snow said yesterday that just as soon as the date for the completion of the organ was announced by the workmen, steps would be taken to have a big public reception in the Auditorium. The new organ will be tried out at that time, and it is probable that a dance will be held later in the evening.

The organ and player attachment, which cost \$5500, were constructed in the American Photo-Play Company's plant at Berkeley, and are being assembled here by E. Swanson and Carl Steward. It is a two-manual organ with twenty stops. The chest, the swell box, pedals, pipes and blowers have been assembled, and about 1000

## BIG INCREASE IN RAISIN SHIPMENTS

Rail Shipments for August Double Those of Last Year

Raisin shipments for August, 1916, amounted to 14,156 tons, according to an announcement made yesterday at the offices of the California Associated Raisin Company. This does not include the water shipments, report of which has not been received.

The August shipments for this year are about twice the rail shipments for the same month last year. The Associated is doing twice the volume of business that was handled last year and a crew is being worked nights at the Pacific Seeded Raisin Company's plant in order to fill the orders.

More smaller metal and wooden pipes will be installed today. The men have been at work for about two weeks. Unless there is some delay in receiving material, the organ will be ready for dedication the last of this month. The organ is being constructed in the balcony on the Kern street side of the auditorium.

"I am in favor of making good use of the auditorium and pipe-organ," said Mayor Snow yesterday. "The auditorium belongs to the people of Fresno, and we should have meetings and use the pipe-organ at every opportunity."

The majority of the trustees are in favor of municipal dances as soon as the pipe-organ is in operation.

## WESTERN PACIFIC OFFICIALS HERE ON INSPECTION

Feeder May Be Constructed Soon as Far as Porterville

Secret Trip Made to Pick Out Route; View Fresno Electric Line

Much significance is attached to the quiet visit here Tuesday of high officials of the Western Pacific Railroad Company, who inspected the lines of the Fresno Interurban Railway Company, and then left early yesterday morning for a hurried trip up the San Joaquin Valley. The fact that Charles M. Levy, president of the company, with other officials, was here in Fresno gives additional strength to the announcement made some months ago that one of the first feeders of the revised Western Pacific would be to Porterville via this city. The Western Pacific has an outlet as far south as Stockton, and it is generally rumored in railroad circles that the newly organized road will take over the Tidewater & Southern, a line 33 miles in length, from Stockton and south to Modesto and then construct a new right of way to Porterville. The Western Pacific officials made an automobile trip Tuesday over the lines of the Fresno Interurban Railway that operates to a point four miles above Sanger. It is the general report that the officials of the Western Pacific desire to purchase small roads and incorporate them into the new trunk line through the San Joaquin valley, wherever this plan is feasible. In the party here were Charles M. Levy, president; Joseph G. Hopper, vice-president of the First Federal Trust Company and one of the reorganization directors; Thomas J. Wychie, chief engineer; Byron Bearce; W. S. Smith, and E. A. White. New rolling stock and equipment is now being purchased for the company.

According to information in banking circles in San Francisco, there is no doubt that eventually the Western Pacific reorganization regime is in a position to undertake the work on its various projects without a moment's delay. Of the fund of \$2,000,000 provided for the program of rehabilitation delay. Of the fund of \$20,000,000 provided for the program of reorganization and for other immediate improvements. It is reported that \$13,000,000 can be secured immediately for construction work.

The Tidewater & Southern is now operating electric trains from Stockton to Modesto and by steam to Turlock. It was the original intention to extend the Tidewater & Southern as far as Fresno. If the Western Pacific secures control of the Tidewater & Southern the company can immediately operate as far south as Turlock, the big melon district. From Turlock, it is reported, the Western Pacific will purchase the Southern Pacific's line through Merced, Madera, Fresno and Visalia to Porterville.

## COLLECT FUNDS FOR NOGALES Y. M. C.

Aid Asked to Maintain Y. M. C. A. Stations for Guards

In an effort to secure funds for the work of the army-Y. M. C. A. in the military camps at Nogales, the local Y. M. C. A. is seeking contributions here by means of a circular letter addressed to various residents of Fresno. The letter explains that nothing is done by the Government for the soldiers in the way of social and spiritual betterment, and that the army branch of the Y. M. C. A. has taken up that work. Many such work is secured by voluntary subscription.

A building has been erected at the Nogales camp, which serves the Second and Seventh California regiments, numbering about 2000 men. There are four secretaries in the camp. In the building are writing tables, stationery, a lounge, room and newspapers and magazines for the soldiers. A moving picture machine has also been installed to afford recreation for the soldiers.

The work of the army Y. M. C. A. secretaries in the various camps is usually financed by the localities from which the regiments that are served were sent. Secretary W. L. Eastman says, and therefore an effort is being made here to raise funds that the work of the Y. M. C. A. at Nogales may be continued. Thousands of letters have been received here, it is said, written on stationery furnished by the Y. M. C. A. at Nogales.

Dominoes, checkers, quads and horseshoe pitching are some of the amusements that the Y. M. C. A. furnishes for the guards, and in some of the stations at the border a phonograph has been installed. Films are sent from one Y. M. C. A. station to the other, so that the "movie fans" who are now doing soldier duty may not be entirely out of touch with the world. In the camps the chaplain co-operates with the work of the Y. M. C. A. in administering to the spiritual comforts of the men as well as the physical.

Persons desiring to contribute to the work of the Y. M. C. A. at Nogales should notify C. Dean Prescott at the Valley Lumber Company offices.

The warrants will be mailed upon request and are cashable at any bank.

# HAY IS HIGH—SAVE IT—STOP THE WASTE CUT YOUR HAY AND SAVE ONE THIRD

You can't afford to feed uncut hay. Too much is wasted and you can't throw away hay at the present high prices. The logical thing to do is to use a cutter. Your hay will then go further and you will have some to sell; enough, to pay you back what the cutter cost you.

## Read What These Men Say

The Woodward Company, Fresno, Cal.

Gentlemen: Your No. 16 Woodward Cutter works in fine shape. We run it alongside of a 20-inch cutter of another make and it did as much or more work than was done with the 20-inch cutter; this was done even in foxtail hay. In a three days' run we averaged twenty-six hundred pounds of alfalfa meal per hour.

Very truly yours,

(Signed) Jacob J. Kleinsasser, Jacob S. Wipf.

## Cattle Feeders Learn to Use All of the Crop; Even Foxtail Proves Valuable.

Farmers and dairymen of the San Joaquin valley have discovered a means of doubling the value of their alfalfa crops, and are beginning to take advantage of the long known fact that ground feed is far more economical than that fed in its natural state.

Within the last 2 years, or at least since the Fresno District Fair in 1914, when the first practical alfalfa grinding machinery was shown in Fresno, a great number of farmers have rigged up their own cutting plants; and are now making large profits feeding the ground hay to dairy cows and hogs.

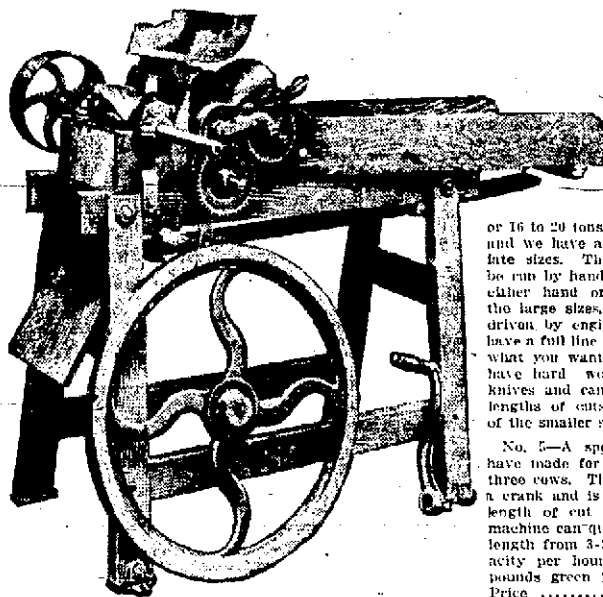

A. L. Baer, a Fresno dairyman, who lives

on Shasta avenue, says that he has reduced the expense for hay by half since installing one of our cutters on his ranch last spring.

### SAVING IN FEED, TOO

Mr. Baer says that he formerly fed his herd of 40 dairy cows a ton of alfalfa a month on the average. Last year he used 60 tons a month for 60 head of stock. Since he has been grinding his feed, he gets along just as well or better on 20 tons. It costs him about \$1 a ton to grind the hay and blow it into the barn. He runs the plant about half a day, shutting down well before milking time, to prevent the dust giving trouble.

The hay is fed into the machine, which cuts and grinds it almost to a meal. This is fed in troughs in the stanchions, and the cows clean it up entirely. The alfalfa stems are said to be more nutritious than the leaves but cattle eating from a stack waste most of the stems and eat the highly flavored leaves. The heavy crop of foxtail grass which although very nutritious, is dangerous to feed on account of its barbed seeds, is so ground by the machine that no harm results to the stock and a new source of income is given the California farmer who has a crop of it growing wild each spring.

No. 10—This is a larger machine. It can be run either by hand or engine power. Cuts 1-2, 5-8 or 1 inch lengths. Capacity per hour if run by hand—dry hay, 500 to 600 pounds—green hay 600 to 800 pounds. If run by power and speeded up, it will cut 600 to 800 pounds of dry hay or 1200 to 1400 pounds of green hay per hour. A 1-2 horse-power engine will run this machine. Price ..... \$32.25

No. 11—Our most popular cutter. It is fitted with 4 knives. All running parts except the cylinder are controlled by safety stop lever and can be instantly stopped or started. Can be adjusted for 6 lengths of cuts—1-4, 1-2, 5-8, 1, 1-1-4 or 2 inches. Capacity per hour—dry hay, 1 to 1 1-2 tons—green hay, 2 to 3 tons. Power required—2 to 3 horse. Price ..... \$15.00

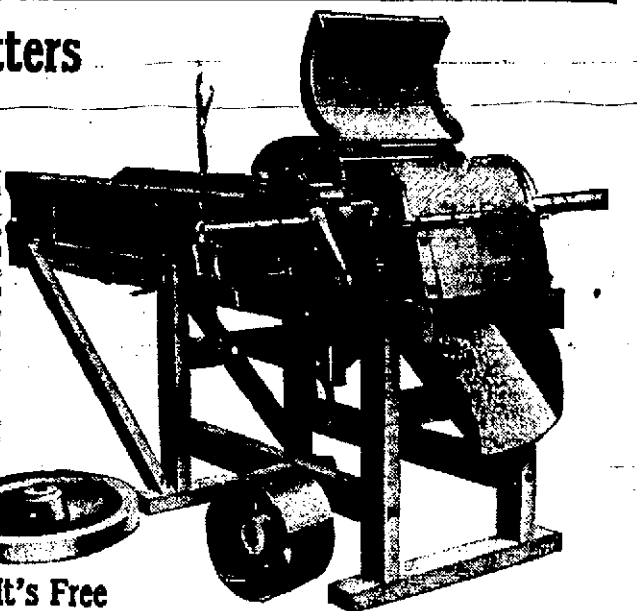

## Power Driven Alfalfa Cutters and Meal Grinders

These are the big cutters and grinders that are making practically all of the alfalfa meal in this valley. In fact, it is admitted that this type of grinding attachment is the only practical one. There are no grinding plates to be replaced, no corkscrew feed to clog up, no pressure device to cause strains to break the head castings. Instead we have just the steel screen fitted around the knife head. The cut hay is thrown against this and whirled around and split and broken until it is small enough to fall through the openings in the screen. The process is continuous, a steady stream of meal coming from the spout. This meal can then be moved by hand or can be carried away on a wood carrier, in a steel conveyor, or blown with a blower into the barn or on a wagon.

We have the machines in different sizes ranging from 1-2 ton to 2 tons per hour in meal capacity. The grinding screen can be taken off and the machine used as a hay cutter only. In this case the capacities are doubled. Any of these machines can be mounted on a truck. Any of them can be fitted with a blower or carrier. We have just unloaded a carload and now have a full assortment of cutters, blowers, elevators and parts. Save half your hay. Make the foxtail harmless. Keep your stock in better condition. Use a Woodward Cutter.

## Buy Yourself a Present

There are a lot of people who buy presents right and left for their friends, but never think of buying presents for themselves.

Of course, there is no pleasant association connected with the ownership of jewelry that you get for yourself, but the article you have bought is sure to please. When you buy for others, you are not sure of their wants and when they buy for you they have to guess at what will please you.

Come in and let us show you jewelry suited to your own fancy; jewelry that is genuinely good; that is priced within reach of any purse; that you can buy with the nickels and dimes you spend foolishly every week. Remember it is better to buy yourself a watch, ring or chain even though you consider it a luxury, than to carelessly spend money and get nothing in return, as people so frequently do. Drop in and see our many beautiful jewels—rings, lockets, pins, la valieres, watch-bracelets, walthames—in fact everything that is sold in all jewelry stores.

## WOMAN DIVORCES CRUEL HUSBAND

An interlocutory decree of divorce was granted Mrs. Eugenia Kister from William Kister yesterday by Judge H. Z. Austin in the Superior court. Mrs. Kister charged her husband with cruelty, which, she said, was supported by interference. The suit was non-contested.

## ATTORNEY VISITS HERE WITH BRIDE

Kenner B. Campbell, attorney for the State Board of Health and professor of law in the University of Southern California, is visiting Mr. and Mrs. Vernon Campbell of this city, with his bride of a few weeks. Mrs. Campbell is a deputy district attorney of Los Angeles county, being one of the few women in the county to hold such a position. Attorney Campbell and wife have been spending their honeymoon in Yosemite valley, and are now on their way home to Los Angeles.

## WAR REPORTS

### Russian Report

PETROGRAD, Sept. 13.—(By London, 3 p. m.)—The Russians are holding the ground won in the recent fighting in the Carpathians despite heavy counter attacks, according to today's war office statement which says:

"In the region of Riga and on the river Dvina the activity of the enemy's air fleet increased.

"In the region south of Jesupol (in Galicia, ten miles south of Iadze) enemy attempts to cross the river Bystryca were frustrated by our fire.

"In the wooded Carpathian region, along the upper course of the river Chorny-Cheremosh, the enemy launched unsuccessful attacks on the heights captured by us.

"In the Baltic, on the evening of September 3, our fleet successfully bombarded enemy warships in the Lithuanian straits. Some of them were compelled to run ashore."

### Repulse Rumanians

BERLIN, Sept. 13.—(By wireless to Sayville.)—The repulse of Rumanian attacks on a long front in the Carpathians is announced by the war office today. In Transylvania German troops have been brought up to fight the Rumanians. The announcement follows:

"Russian attacks north of Dvina-mouth and near Garbunovka were repulsed.

"In the Carpathians the Russians made a simultaneous attack along the whole front between Smotrych and the Golden Bystryca. They were repulsed.

"In Transylvania German troops entered into fighting contact with Rumanians in the district of Hermannstadt and southeast of Hietzing."

### Admit Fall of Town

BERLIN, Sept. 13.—(By wireless to Sayville.)—The capture by the French of Bouchevaines, on the Somme front, is admitted in the official announcement from the war office today. The statement follows:

"Front of Field Marshal Prince Rupprecht of Bavaria: The battle north of the Somme has recommenced. Our troops are engaged in heavy fighting between Comblès and the Somme. The French entered Bouchevaines. Artillery duels of great violence continue on both sides of the Somme.

"Front of the German crown prince: West of the Meuse (Verdun front) our tanks made by the French in the sector of Thiaumont and Seville failed, causing them sanguinary losses."

### More Bulgarian Gains

BERLIN, Sept. 13.—(By wireless to Sayville.)—The Bulgarian army which is invading eastern Rumania, has made further gains, says the official announcement issued yesterday at Sofia, which follows:

"Our troops are continuing to advance in Dobruja.

"On the Macedonian front, near (but not) lake, there was activity by patrols, as well as artillery fighting.

"Two Italian companies with machine guns and one squadron of cavalry advanced in the direction of Tur-kova (near the Struma river) and Dzinia. We made a counter attack and dispersed them. Thirty Italians were captured. This was our first encounter with Italian troops.

"In an encounter in the Struma valley, near Nevelyn and Kardziko, on September 12, the enemy lost seven officers and about 100 men killed. We captured many rifles and a quantity of ammunition. We took prisoner two Scotch officers and more than 100 British soldiers.

"A hostile fleet is cruising off the Aegean coast. Our hydroplanes made a successful attack on enemy warships in the harbor of Kavala."

### Italian Report

ROME, Sept. 13, 5:43 p. m.—Italian troops in the Dolomite Alps on the far northern line of the Austro-Italian front have captured a position commanding Travenanzes Pass and cutting Austria's communication between the Travenanzes Valley and the Lagazuoi region, the war office announced today. The official statement follows:

"Minor offensive actions continue in the Arsa and upper Posio valleys. On Monday evening we repulsed attacks east of Griso and in the Zara valley.

"North of Padua our Alpine troops gained position of a position which not only commands the Travenanzes pass, but also interrupts enemy communications between the Travenanzes valley and the Lagazuoi district.

"Last evening enemy aircraft bombarded Venetia, Padua, Latisana, Marano, Cevenzane and Aquileia, wounding a few civilians and doing slight damage."

### Report on Silestria

LONDON, Sept. 13, 6:35 p. m.—The Bulgarian troops which took the Danube fortress in Silestria in Rumania, capture of which was announced by the German war office Sunday, apparently did not take prisoner any considerable number of Rumanians. The official Bulgarian statement of September 11, received here today, says the Rumanians retired "on

## DROP INVESTIGATION OF MAYORALTY BRIBE

LOS ANGELES, Cal., Sept. 13.—Grand jury investigation of an alleged offer to sell the place of mayor of Los Angeles, Sept. 12, when the right to name a new chief of police has been dropped, it was announced today by Thomas Lee Woolwine, district attorney.

Woolwine said the case resolved itself into a question of veracity, between Frederick J. Whiffen, former president of the city council, and a wealthy real estate operator, and Arthur J. Kuck, former assemblyman and candidate for state senator on the Democratic state ticket.

The offer was alleged to have been made September 4, the day before the city council elected Frederick T. Woodman mayor to succeed Charles E. Sebastian who resigned. Whiffen was Sebastian's opponent at the last mayoralty election.

Both sides of the Danube pursued by the Bulgarian army, it taken literally, indicates that the Bulgarians have forced a passage of the Danube, it is reported by the Bulgarian war office to convey this meaning. The Bulgarian report of the following day makes no mention of any such operation.

The statement follows:

"Along the Danube there was artillery firing at Tekla, Vidin, Lomozhevo and Isichtin.

"In Dobruja our offensive continues. Yesterday our troops entered Silestria, being welcomed enthusiastically by the population. The Bulgarian tri-color now floats over Fort Arababad (probably Fort Arababad, near the Danube, half way between Silestria and Turukut.) We captured artillery and a large quantity of material. The enemy troops retired northward and on both banks of the Danube, pursued by our cavalry."

### Bulgarian Report

BERLIN, Sept. 13, 12:14 wireless to Sayville.—The official Bulgarian statement of September 11 says ten cannon were taken by the Bulgarians at Fort Arababad, and continues:

"The retreat of the Rumanians, Russians and Serbians was accompanied by the most horrible cruelties, especially on the part of the Rumanians, against the defenseless population. A report from the commander in chief, dated September 10, says:

"Since the first day after crossing of the frontier it has been established that the Rumanian army has committed a series of inhuman atrocities which more and more prove to have been in the nature of a massacre. Some days before the declaration of war the Rumanians had all cattle without formal regulation. When the Rumanians retreated they formed special detachments for the burning of Bulgarian villages. The villages of Chikley, Altomirovo and Serebarna and others in the vicinity of Turukut and Silestria are still burning. One detachment defeated near Samsar September 7, sent a company with two officers to the village of Serebarna. All the male inhabitants were assassinated during the night. The streets were filled with the bodies of innocent persons, mutilated in the most horrible fashion. A number of children were burned in locked houses. The women and the remaining children were carried to Silestria.

"On September 10, south of Lake Ostrovo (Macedonian front) infantry fighting was continued from the previous day. Zouaves who attempted to cross the Struma near Nevelyn and Kardziko were driven back with heavy losses to the west bank by our counter attack.

"At the mouth of the Struma several British companies, assisted by artillery on the west bank and by warships, attempted to advance toward the east. They were taken under fire by our artillery and attacked and driven back to their original position. Two enemy battalions who assisted them were dispersed by our fire.

"An enemy fleet is cruising in the Aegean off Kavla, Leftera and Orfano bay."

### SCHOOL PUTS BAN ON FANCY DRESS

MARYSVILLE, Cal., Sept. 13.—Artificial adornments and fancy dresses will not be permitted this year at the Marysville high school, according to an order issued to high school students by J. C. Hays, the principal.

"We want a democratic school, not a fashion center, where girls of the poorest people will not feel ashamed because daughters of the rich have better clothes," the order read.

### \$5,000 JEWEL THEFT REPORTED

LOS ANGELES, Sept. 13.—Theft of jewels valued at \$5,000 from her apartment at the fashionable Town and Country Club on the summit of Mount Washington Monday night has been reported to the police by Mrs. E. H. Brainerd, wife of a physician, it was learned today.

The stolen articles include a stick pin set with nine diamonds and valued at \$3,000 and a platinum bracelet set with diamonds.

### SMALL VILLISTA BAND IS ROUTED

CHIHUAHUA CITY, Mex., Sept. 13.—Constitutional forces under Colonel Chapin encountered and routed the Villista band, which left behind in its flight seven dead and a number of horses, according to reports received here today from General Jose Soto.

The bandits, headed by Eligio Reyes, were attacked near San Pedro Delas Colorado and the report, says they held their ground for nearly four hours. Among the dead was a Villista major. Villi is still in the Santa Clara district, but is carefully avoiding a fight, according to the latest information received here by General Trevino.

### ACCUSED OF MURDER

ALPINE, Texas, Sept. 13.—Indictments charging Harry J. Spannell, an Alpine hotelkeeper with the murder of his wife and Lieutenant Colonel M. C. Butler, Sixth United States cavalry, were returned by a county grand jury here today. Spannell will be brought here Thursday from El Paso where he has been held for safe keeping, to stand trial for the slayings.

Mrs. Spannell, a daughter of John C. Holland, a widely known Texas ranchman and banker, and Colonel Butler were killed July 20 last while they were driving with Spannell in his motor car.

### PURCHASE PAPER PLANT

ST. PAUL, Minn., Sept. 13.—The Dispatch Printing company, publisher of the St. Paul Dispatch and the St. Paul Pioneer Press, today announced the purchase of the Haasen Paper company, at Grand Rapids, Mich. The company has a capacity of approximately 10,000 tons a year, three-fourths of which will be used by the two papers.

## EXONERATED FROM BLAME FOR DEATH

SAN FRANCISCO, Sept. 13.—Dr. John E. Boehm and several attendants of the San Francisco detention hospital returned here today from Napa, where they were exonerated of blame for the death of James Richardson, a former inmate. Richardson battled attendants recently while held as insane. A coroner's jury held he died later at the Napa insane asylum of a fractured skull, suffered in falling down stairs while trying to escape.

## RAILROAD REVENUES EXCEED ONE BILLION

WASHINGTON, Sept. 13.—Net revenues from operations of \$1,176,841,000 for the year ending June 30, compared with \$1,024,433 during 1915 for all railroads having revenues of \$1,000,000 a year or over, are shown today in the interstate commerce commission's report. The net revenue per mile was \$3.13 for the current year, compared with \$2.73 for last year. Of the year's net revenue from operations, \$1,920,119 was in the western district.

## BRYAN AND LEWIS TO TOUR IN WEST

CHICAGO, Sept. 13.—William J. Bryan and Senator James Hamilton Lewis of Illinois will begin extended speaking trips through the central and western states in behalf of Wilson and Marshall next week.

Bryan will open his tour September 18 at Reno, Nev., and proceed east and south from there, ending his tour October 29 to November 6 in Nebraska, his home state.

The route announced for Senator Lewis takes him on September 25 to Idaho; September 26, Washington; September 27, Oregon; September 28 and 29, California; September 30, Nevada; October 1, Arizona; October 2, New Mexico; October 3, Colorado; October 4 and 5, Nebraska; October 6 and 7, Kansas; Oct. 9, Oklahoma; October 10 to 14, Missouri; October 14, Illinois.

## PRESIDENT IS AT SUMMER CAPITAL

LONG BRANCH, N. J., Sept. 13.—President Wilson returned here today from the bedside of his sister, Mrs. Anne E. Howe, critically ill at New London, Conn.

The President found requests for engagements from many political leaders, but he arranged for none. He has been informed that Mrs. Howe can hardly live another week, and is holding himself ready to return to New London.

Plans for the President to speak in St. Louis, September 2, and in Baltimore September 21, and to go to El Paso, Texas, to open a dam early in October, are being held in abeyance pending the outcome of Mrs. Howe's illness.

There were evidences here today that the Republican victory in Maine has led Democratic leaders to work more diligently in other parts of the country. Administration officials here said they expected no other result, but it is plain they realize they have work ahead of them. Encouraging reports from Oregon, Washington and California reached the executive offices today.

## SPANISH STEAMER SUNK

LONDON, Sept. 13, 3:38 p. m.—The sinking of the Spanish steamer Luis Vives is announced by Lloyd's shipping agencies. Her crew was saved by the Dutch steamer Krakatau of Amsterdam. Lloyd's also report the sinking of the Norwegian steamer Furu of 2,023 gross tons of Bergen and Fredavore of 1,618 gross tons of Far-sund.

The steamer Luis Vives of 2,394 gross tons was owned in Valencia and sailed from Cardiff on August 26 for America.

The Norwegian steamer Furu arrived at Bough on August 6 from Newport. The Fredavore was last reported at Newport from Seville, Spain, on August 14.

## FORMER SENATOR ILL

KANSAS CITY, Sept. 13.—Major William Warner, former United States Senator from Missouri, is ill at his home here today. He is suffering from marasmus sclerosis.

## CHARGES BENSON IS NOT FIT FOR CITIZEN

PORTLAND, Ore., Sept. 13.—Charges that S. Benson, millionaire lumberman, is not a fit person to become a citizen of the United States, President Eugene Smith of the Central Labor Council, filed a protest with the county clerk here today against his admission to citizenship.

Benson was born in Norway and came to this country in 1898. He applied for his first papers in 1904. Final hearing will be held in the state circuit court tomorrow.

Smith alleges that Benson is a "meddler and dangerous busybody" in local government affairs, and specifically charges that he sought to influence the awarding of a paving contract for the Columbia river highway.

Benson, who is widely known for his public gifts, was named as Oregon's first citizen during the Panama Pacific exposition at San Francisco, where he was duly honored. But his opponents point out that he was not at that time a citizen at all.

## MEXICANS REPORT VILLA IS IN TRAP

CHIHUAHUA, Mex., Sept. 13.—With the troops of General Huerta Vargas posted along the line of the Mexican central railway ready to head off any attempt of the Villa troops to escape in that direction, General Cavazos, pushing northward with his command from San Antonio and the American expedition's force forming the third section of the circle, General Trevino states here that Villa is now in a position from which it will be extremely difficult to escape.

The American expedition has forces at San Ildefonso, Venustiano Carranza and the lookout for the bandits. San Ildefonso is on the main wagon road to the central railway, and gives the Americans the control of the only easy exit for Villa from his present position into northwestern Chihuahua.

## I. W. W. STRIKERS GIVE UP FIGHT

CROSBY, Minn., Sept. 13.—After having "watched their families and themselves hovering on the brink of starvation, with nothing between them and one of northern Minnesota's winters," they said, about 200 members of the Industrial Workers of the World, which organized the strike, today voted to end the strike. Whether the nine operators will accept the men back is not known. Although full strength, one mining official expressed the belief that places would be found for all men who would "renounce the I. W. W."

At no time did the Crosby range men make any demands, but went on in sympathy with the Mesaba range strikers.

## BAKERS TO SHOW FIGURES OF COST

CHICAGO, Sept. 13.—Announcement was made today that bakers who maintain they must increase the price of bread or face bankruptcy will be given an opportunity to show Charles F. Cline, United States district attorney, the figures to support their assertions. They may produce their books for examination by government experts, it was said.

## To Avoid Dandruff

You do not want a slow treatment when hair is falling and the dandruff germ is killing the hair roots. Delay means—no hair.

Get, at any drug store, a bottle of Zemo for 25c or \$1.00 for extra large size. Use as directed. For it does the work quickly. It kills the dandruff germ, nourishes the hair roots and immediately stops itching scalp. It is sure and safe. It is not greasy, is easy to use and will not stain. Soaps and shampoos are harmful, as they contain alkali. The best thing to use is Zemo, for it is pure and also inexpensive.

## ARRANGE DETAILS FOR MERCED FAIR

Exhibitors and Committees Getting Displays Ready for Tuesday

MERCED, Sept. 13.—With less than a week remaining before the opening of the Merced county fair at Native Sons Park next Tuesday, committees and exhibitors are working fast on their various details in order to have the fair a finished success on opening day. The main exhibit tent, providing 50,000 square feet of space for booths and displays, is expected to arrive and be erected by Friday.

**Fine Fruit Exhibits**  
One of the main groups of exhibits will be the displays entered by the various growers of the county. Fresh fruits, dried fruits, cluster displays, fancy packs and other arrangements of high-class horticultural products will be included in their exhibits. The fruits are now on cold storage awaiting their time for installation in the exhibit houses of the county.

**Flower Show Exhibits**  
The staging area for the flower show call for different competitors each day of the fair. Amateur gardeners are invited to enter exhibits. Information regarding this part of the fair may be obtained from Mrs. H. K. Hyde. It is expected that a comprehensive exhibit of old-fashioned garden flowers will be made, as these varieties are the ones most available at this time of year. Among the flowers now blooming are China asters, geraniums, dahlias, roses and gladioli. Potted plants of varied kinds are also to be exhibited.

Community exhibits will be a special feature among farm product displays. LeGrand, famous as a melon center, will have a splendid exhibit of cantaloupes and watermelons. A special display of 100 crates of fancy sweet potatoes will be a contribution from the Atwater-Livingston section. This exhibit is being gathered by J. C. R. Hitchcock, deputy county horticultural commissioner.

Three dairy herds, including a high-priced, prize Jersey bull, will come from the Stevenson section. Strolling will offer a showing of corn and citrus fruits.

The stimulus felt in the horse breeding business in this county in the past few years will show its results in the displays of this variety of stock. Thirty head of prize animals have been entered to date.

V. C. Bryant and Gordon True of the agricultural faculty of the University of California, will be here during the fair to give practical talks to the farmers, and also to assist in judging the animals. They will be aided in the latter undertaking by Wm. Hough, representative of the Western Meat Company.

Among the interesting miscellaneous exhibits will be one entered by Mrs. Louis Cense, superintendent of the county hospital. The equipment of the hospital, first aid supplies and appliances and kindred displays will be included.

**Amusement Features**  
Amusements will not be lacking as companion features of the fair. The Big Barker Carnival Company will have an aggregation of shows, including free performances as well as pay features. On Saturday, September 23.

## M. A. C.

Makes Assimilation Certain

M. A. C. to those who have tried it has proven a wonderful blessing—those who have not tried it do not know what they have missed. Every day brings fresh evidence of what M. A. C. has done and is doing for sufferers from that terrible foe of mankind, constipation, as well as those who are afflicted with sour stomach, indigestion, gas and other troubles of the digestive tract.

At this season of the year very few people escape stomach and bowel disorders—M. A. C. taken after each meal and at bedtime will restore peace and order to your bowels, by stimulating the flow of the digestive juices and then, by acting gently on the

bowels, will enable you to get rid of the unassimilated food which otherwise would find lodgment there and cause you endless pain and suffering.

That griping, sickening, disagreeable, upset condition of your stomach, that tired and "out-of-sorts" feeling, accompanied by headache and coated tongue, are sure indications that you are in need of a corrective.

## Tulare Board of Trade to Open Exhibit Rooms in Visalia's New Auditorium

NEW VISALIA MUNICIPAL AUDITORIUM.

VISALIA, Sept. 13.—Secretary A. E. Mott of the Tulare County Board of Trade announces everything in readiness for the formal opening of the new exhibit rooms in the municipal auditorium and the reception to be tendered during the afternoon and evening tomorrow.

From 1:30 to 3:30 tomorrow evening the exhibit will be thrown open to the public for inspection. Mr. Mott has taken special pains in the building of the new exhibit and has patterned it after the Tulare county exhibit at San Diego and San Francisco. He con-

siders the showing even better than either of these others in that he had better specimens with which to work. The electric lighting effects are especially pleasing.

At 6:30 tomorrow evening a Spanish banquet will be served by Mrs. Pabst in the banquet rooms. To date the institutions accepted have numbered fifty and it is believed the capacity of the banquet room No. 8 will be taken up. Included among the invited guests who have accepted to date are John J. Byrne, passenger traffic manager of the Santa Fe; Paul

Shoup, president of the Visalia Electric railroad; C. H. Harris, Winstock, state market director; Wylie E. Telford, president of the Associated Raisin company and official representative of the various county chambers of commerce and board of trade; city officials of every city in the county and members of the county board of supervisors.

From 8:30 until 11:30 the main auditorium will be thrown open to a free public dance, which is expected to result in a packed floor as the auditorium dancing floor has already gained an enviable reputation.

At the opening of the season the

canals had a run of 172 feet of water when the city storage supply was turned into Lake Yosemite. The abundant rainfall of last winter and the heavy snows in the mountains were responsible for the exceptional amount of water in the canals, which enabled the farmers to continue irrigation much later in the season than usual.

Aside from being able to furnish water plentifully, the closing irrigation season has been unusually satisfactory in other ways, according to General Superintendent H. A. Lage of the Crocker-Huffman Company. He states that there have been but few breaks in the canals this season, and that wherever they occurred they were comparatively inconsequential.

Improvements costing \$50,000 have been made in the system in the past season. One of the most notable was the construction of a supplementary canal system at Lake Yosemite, enabling the city's water supply, kept in storage, to be isolated completely from the irrigation water. This work was done at a cost of \$30,000. Another improvement of importance was the building of a spillway canal at the headwaters of the system to spill the water from the main canal back into the river in case of a break in the canal. This "safety valve" is three-fourths of a mile long, and has a varying depth ranging to 24 feet. It will enable the canal to be drained completely in three hours time. The spillway was built at a cost of \$18,000.

The company is contemplating making numerous other improvements in the system before the next irrigation season opens, states Superintendent Lage. Among these will be the replacing of many wooden structures by concrete.

RIVERBANK NOTES

RIVERBANK, Sept. 13.—Mrs. L. B. Powers of San Jose is a guest at the home of Mrs. Powers this week. Chester A. Page and wife visited San Jose the first of the week.

Mr. and Mrs. Stanshill and family leave for Concord this week, where they will make their home.

Mr. McDowell has returned from a trip to Oakland.

Mrs. H. M. Vance has returned from a visit to Fresno.

Manford Duman was here yesterday securing lumber for the erection of a barn on his newly acquired ranch in the Kettle tract. Duman has purchased thirty acres of land, which he will plant to fruit this fall.

Mrs. J. Kershaw, wife of Brakenham Kershaw, left yesterday for Corcoran, where they are now located.

Messrs. C. H. and C. Christensen of Riverbank are at Petaluma at present, putting in a concrete bridge for their company.

Mr. Kershaw and family of Hanford, who had been to Sacramento, stepped over here the first of the week and visited the Arnold family.

Mr. and Mrs. H. W. Hobart have returned from an automobile trip to Sacramento, Placerville and Gardnerville via Auburn. Hobart reports a splendid fruit crop in that portion of the state visited, and the farmers receiving better returns from their crops than any recent year.

Chas. Alexander, who was badly injured last week in an automobile accident while on his way to Stockton, has not recovered sufficiently to be brought back to Riverbank. His head was badly hurt.

Mr. J. H. Miller and grandson, Alvin Bauman, who had been guests at the Henry Ross for some time, returned to their homes in San Jose yesterday.

Business is unusually heavy in the city yards. 160 reefers have been put into service for the shipment of potatoes within the past three days. The potato shipments from the tule lands are unusually heavy.

Messrs. Giller, Siple and Hixon of the Santa Fe shops, enjoyed a day's vacation the first of the week, making a trip south of Riverbank.

Geo. Jones was brought home from the Santa Fe hospital yesterday, and will remain here a few days before proceeding to Ohio, where he will visit his father for a few days.

Ray Cook and A. G. Peterson, Santa Fe firemen, were transferred to the Richmond heard this week.

Mr. and Mrs. Sandule and daughters, Mesdames Brackett and Hixon, motored to Patterson the fore part of the week via Bakersfield.

Geo. Austin, general boiler inspector of the Santa Fe, with headquarters at Topeka, Kansas; J. Johnson, traveling boiler inspector, with headquarters at San Bernardino, and Foreman of Engineers, Wilson made a general inspection tour of the shops here yesterday.

Boss Hart, fireman, motored to Peters yesterday in company with his mother, where they will visit relatives a short time and then proceed to Bakersfield for a few days. They will enter in the week make a trip into the hill country.

Eleven more cars of 60-lb. steel billed for the Hetch Hetchy section were shipped out of here yesterday morning. A total of 110 cars will be held here to ship up to the new road as rapidly as it is needed. The steel comes from Pueblo, Colorado.

The sugar shipments over the Santa Fe filled for New York from the Hawaiian Islands continue good.

J. Pullar, master mechanic, looked after his department at the Santa Fe shops yesterday.

Government Boiler Inspector Martin visited the Santa Fe shops the first of the week.

MODESTO, Sept. 13.—The tax rate of the Modesto irrigation district was fixed at \$3 on \$100 assessed valuation at the session of the board yesterday. This rate on the total valuation of the district of \$3,475,000, will bring into the district \$104,250. The total rate in the same last year. The special assessment made for this year amounts to \$7,000.

## VISALIA GROWERS HOLD BIG MEETING

Col. Weinstock Urges Organization of Prune and Apricot Orchardists

VISALIA, Sept. 13.—The organization campaign of the California Prune and Apricot Growers' Association was launched in Visalia this evening at a spirited meeting of over 200 representative growers of Tulare county. The meeting was presided over by Pres. John A. M. Smith, of the Visalia Board of Trade. The chief speaker of the evening was Col. Harris Weinstock, state market director. Weinstock, who presided at the meeting, was followed by W. H. Giffon of Fresno, president of the Associated Raisin Company, and Geo. E. Merrill, secretary of the Growers' Information Bureau of San Jose. Weinstock set forth the proposed organization as almost identical with that of the Raisin Association. The organization will be capitalized for \$250,000, of which \$250,000 will be raised in stock subscriptions before March 1, 1917. Columbia and bonded stock would be issued, \$1,000,000 being in preferred stock, to be used in the erection of packing houses, if found necessary. Organization will be effected and directors chosen as soon as \$500,000 is subscribed, which is expected by November 1. Solicitors will take the field tomorrow morning, and local success is predicted.

## REEDLEY RANCHER IS BADLY BURNED

Grasps Live Electric Wire in Attempting to Replace Burned Out Fuse

REEDLEY, Sept. 13.—Matt Matheson, a well known rancher, living south of Reedley, was seriously burned this morning about 7 o'clock, while attempting to replace a burned-out fuse. Mr. Matheson climbed the high-power pole, but being inexperienced in this kind of work, grasped a wire and fell against another, sustaining severe burns on his right arm and his left hand. He realized his serious predicament and managed to get free, but fell 25 feet to the ground, his fall being broken by a wire fence. He sustained severe bruises on his head and shoulders, but no bones were broken. A physician was at once called and at noon the patient was taken to Fresno, his condition was found necessary to amputate the thumb and first two fingers of the left hand.

## EXETER BUTTER WON HIGHEST POINTS IN FAIR COMPETITION

EXETER, Sept. 13.—The Exeter butter, which received the highest number of points in the butter competition at the State Fair at Sacramento, with a score of 91.1-2 points. This is half of a point higher than the same butter received at the University of California butter contest, conducted at Davis in July, which it received the highest score. Exeter creamery butter has now received the first prize four times in valley contests. The plant is a little over two years old, and has been from the first one of Exeter's fine industries. Every month has shown a remarkable increase in all producing cases, and the last month's report was a most satisfying one to the stockholders. Asst. Mgr. H. J. Barker, has been in the butter business for many years and understands it thoroughly. George Phinckett, the butter-maker, has proven an expert and the honor of the award is high scores the past year are largely due to his work. Exeter butter has done a great deal to keep Exeter before the public. It has the honor of having the highest score of any butter sent to the city of Los Angeles.

## GROWERS IN TULARE RECEIVE \$105,000 FOR 1916 PEACHES

VISALIA, Sept. 13.—Having completed the work of paying the growers of the Visalia district, the Pasadena Canning company, W. F. Herman, representing the southern canners, has left Visalia for the southland. Mr. Herman paid out very close to \$105,000 for these peaches, the highest price ever secured for a like tonnage by the growers of the district. Early in the coming season it is the plan of the Pasadena Canning company to send Mr. Herman back to Tulare county with a view to making extensive purchases again for the 1917 season. The peaches bought this season were considered by the southern packers the finest they had ever canned, and they are desirous of securing more.

## MADERA PRIEST TO ASK TIME FOR TRIAL

Date of Preliminary Hearing to Be Announced Probably Today

MADERA, Sept. 13.—District Attorney Murray and Attorney Hancock for Father Thomas J. King conferred with Justice Eaburn this evening over the date for the preliminary hearing of the priest on a statutory charge preferred by Mary Haley. The date was at first tentatively fixed for Friday, but defendant asked for more time. The date of trial will probably be announced today. Bonds were furnished in the sum of \$3,000 by J. M. Griffin and W. W. W. Hunter. The examination will be held behind closed doors and no one but those concerned in the case admitted. Father King was in southern today, and did not return until this evening. He is expected to confer with additional counsel. The complaining witness and her child are being cared for at the county hospital.

HANFORD, Sept. 13.—Three hand-drawn letters have been received for the latter today, according to the local press, in daily from Armenia, Lemore, Coalinga, Oxnard, and this city. Physical and mental development will be taken into account by the judges.

## KINGS REPUBLICANS INDORSE GOVERNOR

Also Entire Ticket From Hughes Down; Democrats Organize in Kern

HANFORD, Sept. 13.—The forceful and effective governor of the state of California, Hiram W. Johnson, was endorsed for United States Senator in these terms by the Republican county committee of Kings county yesterday at an adjourned last night. The committee also endorsed all other Republican candidates, from Charles E. Hughes for President to W. A. Lutz for Assemblyman. The hearty support of the committee is promised to Johnson and the other candidates. The committee is planning to hold a number of meetings in the near future on behalf of the candidates that they have endorsed.

**Kern Democrats.**  
HAKINSVILLE, Sept. 13.—The Kern county Democratic central committee was organized for the campaign with the election of C. A. Barlow as chairman. C. E. Smith, county clerk, was elected secretary. The organization planned to make a strenuous campaign for Wilson and Marshall, and the chairman was given authority to appoint all necessary committees. On the suggestion of Col. E. M. Roberts, the chairman was instructed to appoint a large committee which will receive the literature sent out from headquarters and also attend to registration and getting out the vote.

## VISALIA HIGH SCHOOL TO ENROLL OVER 300

Will Be Large Increase Over Last Year; Term to Begin Monday

VISALIA, Sept. 13.—That the Visalia high school will have a registration this year of well over 300, with an average daily attendance of 300, is the belief of Prof. A. M. Peterson, who is now enrolling students for the opening of the school year next Monday morning. Last year's enrollment was 275. Mr. Simons has been very busy with this work and declares it is the first year since he has been here that so much activity has been shown. To date he has registered 100 freshmen, and he expects a total enrollment of over 100 in the first year class. He also reports four new pupils for the upper classes, the families having just moved into the city. Mr. Simons announces that the freshmen will meet at 1:30 Monday afternoon next, whereas the upper classmen will gather at 9 o'clock in the morning.

## KINGSBURG NOTES

KINGSBURG, Sept. 13.—Louis Anderson, who has been spending his vacation in San Francisco, returned home yesterday. Charles McCreary returned yesterday from a business trip to Newman, Patterson, Tulare, Madera, Fresno and other points.

M. S. Stewart and wife were called to San Francisco on account of sickness in the H. W. Stewart home. It was reported later that Mrs. H. W. Stewart, wife of Dr. H. W. Stewart, died early this morning. Interment will probably be in San Francisco.

Otto Johnson, wife and two daughters, of Caruthers, were visiting in Kingsburg today. Miss Lillie and Violet Johnson will return to Los Angeles after a few more days visit at the Johnson home.

The Eastern Star lodge met in Masonic hall last evening. The W. C. T. U. met at the home of Mrs. John Berg this afternoon. The women are planning a vigorous campaign for the amendments.

## PLAN RECEPTION FOR WEINSTOCK

MODESTO, Sept. 13.—The Stanislaus Poultry Association will meet at the Board of Trade rooms Thursday evening to plan a reception for Col. Harris Weinstock, state market director, who will speak at Coffee Club hall, Saturday afternoon, under the auspices of the association. The meeting Saturday will be attended by poultry lovers from all parts of the county, and is to be the beginning of a campaign outlined by the Stanislaus County Board of Trade to cooperate with the state marketing commission in organizing the various industries of the county in the matter of better marketing conditions. Colonel Weinstock, in his address, will outline the plan for organization of poultry breeders for better market prices for their produce.

## KINGS PIONEER DIES

HANFORD, Sept. 13.—Kings county, died today in a sanitarium in Woodland, Yuba county, aged 76 years. Barker left this city about four years ago to reside in Lake county. He had suffered with poor health for several months. On Saturday last an operation was performed upon him, from which he did not recover. Barker came to this state in 1873 and settled in this county in 1888. Kings then being a part of Tulare county. He was a pioneer fruit rancher, owning considerable land north of this city. The funeral will take place here on Friday next, in front of the Hanford cemetery. Barker is survived by his widow, Mrs. Hiram L. Barker, and his four daughters, Mrs. E. J. Hummel, of this city, Mrs. P. L. Morehouse, of Napa, and his son, A. A. Barker, of Shafter.

## PIEDRA BREVIETIES BRIEF OAKDALE PERSONAL NOTES

PIEDRA, Sept. 13.—L. P. Elwood was in Fresno Monday with his family. John Criss of Sanger, president of the Sanger Mining company, came to Fresno yesterday to give the state of their claims to Ralph E. Bryant of Chicago. Mr. Bryant was at Piedra and pronounced this one of the very best quality. Prospects are bright for considerable quantities to be taken out soon. H. C. Rand Jr. has returned to the Elmer Jones road after several weeks' vacation. Mr. Rand handles the clerical work of this concern, which now employs about eighteen men. Miss Joe Craig of Stony has taken a position as teacher of the Piedra school. The school opened Monday and is progressing well. John A. Giffon and family have returned from Los Angeles. W. N. St. John returned Monday to his work after having finished his work for L. P. Elwood, handling one of the Elmer Jones claims. H. H. Marshall of the Sunnyside Mining Company left Piedra Saturday for Fresno, where he will assume charge of concessions during the District Fair.

OAKDALE, Sept. 13.—Mr. and Mrs. T. E. Boone, Mr. and Mrs. Will Gray and Mr. and Mrs. Ed Galt were the guests at breakfast given by Mr. and Mrs. Frank Pettie Sunday morning. The Pettie couple were recent visitors at Lake Tahoe, and the breakfast gave them an opportunity of repeating their best experiences. Mr. and Mrs. Jack Tullish entertained a party of friends in honor of Mr. and Mrs. Richard Nichol of Oakland. The guests of honor were winners of the prizes at the fair.

About a hundred Oakdale people went to Sonoma Saturday for the big automobile race, celebrating most of them going by automobile. A. W. McLaughlin is having a garage building erected at Thalmheim. About a score of Oakdale Knights of Pythias and their wives took in the banquet given by the Riverbank Knights of Pythias on Tuesday evening.

James Williams was here this week from Kern, where he is building the Anderson Cottonwood irrigation system. He went to Waterford and will figure on building the irrigation system there.

L. B. Barker, who was sent to the St. John hospital and again released, was up again this week and was ordered sent to the hospital for a second time.

Mrs. Christina Walters of this city has been elected teacher of the High School.

**BAND GIVES STREET DANCE.**  
PORTERVILLE, Sept. 14.—People from all parts of southern Tulare county attended the concert and street dance which was given by the Porterville Municipal Band this evening. Many street bands from all over the county were present. The music was furnished by the entire band. In the concert which preceded the dance, vocal solos by Miss Lucille Martin were a feature.

## AMERICAN HORSE BREEDERS' FUTURITY IS WON BY MURPHY'S EXPRESSIVE LOU

Real Contest Developed When Suldine, Lotta Watts and Bingen Silk Fought It Out for Second Place. Young Todd Shows Class

SYRACUSE, N. Y., Sept. 13.—Expressive Lou, Tommy Murphy's bay filly, won the \$6000 American Horse Breeders' Futurity, the feature of today's Grand Circuit races, with ease. The Murphy entry led the field from start to finish in both heats and crossed the line with plenty to spare. Walter Cox drove Young Todd to an easy victory in the Syracuse stake for 2:17 pacers, winning in straight heats. Todd led the field in each heat. The 2:19 trot provided a thrill when Leonard drove M. L. J. to win the final heat after finishing sixth in the first and fourth in the second. The result was a surprise, as Howe Constantine had won the first two heats without apparent trouble.

**Summaries**  
The Syracuse 2:17 pace, three-heat plan; purse \$2000:  
Young Todd, b. g., by Director Todd and Woodford (Cox) 1 1 1  
Peter G., b. g., by Wolverine and Irene McGregor (Snow) 2 2 2  
Sir Anthony Carter, b. s., sire Sir Lightfoot (Geers) 3 3 3  
Also started—Time: 2:05 1-4, 2:04 1-4.

The American Horse Breeders' Futurity, 3-year-old trot, 2 in 2; purse \$6000:  
Expressive Lou, b. f., by Al-Lantic Express and Lou Dillon (Murphy) 1 1 1  
Suldine, b. c., by Worthy McKinney and Carriet (Traynor) 2 2 2  
Lotta Watts, b. f., by General Watts and Lady Arion (Stout) 3 3 3  
Bingen Silk, b. c., by Bingen and Nell Cord (Chaney) 4 4 4  
Also ran—Cocaine Jay, General York and Balmacaan. Time: 2:05 1-2.

**COALINGA TENNISERS - BEST MADERA TEAMS**  
COALINGA, Sept. 13.—Sunday, the Coalunga Tennis Association sent a team to Madera to play a tournament, consisting of two matches of men's doubles, two matches of men's singles and one match of mixed doubles, the result being that Coalunga won four out of a possible five events, taking everything except one event in the men's doubles, Hanhardt of Madera was easily the best player of both sides, playing a remarkably steady game and keeping his opponents in both singles and doubles on the move all the time with his place shots and lobbing. Madera will play a return tournament in Coalunga in a few weeks, which promises to be very close.

Following is the score:  
Singles—Shaker of Coalunga beat Bennett of Madera, 6-4, 6-2. Hanhardt of Madera beat Rhodes of Coalunga, 6-4, 4-6, 6-4.  
Men's doubles—Shaker and Hutcherson, Coalunga, beat Kaubado and Weber, Madera, 6-2, 6-4. Frink and Yorton, Coalunga, beat Hanhardt and Bennett, Madera, 6-4, 2-6, 6-4.  
Mixed doubles—Mr. and Mrs. Hutcherson, Coalunga, beat Miss Hosler and Clark, Madera, 6-4, 6-2.  
In the mixed doubles, Bennett substituted or Clark in the second set with the score four-all. The players from Coalunga made the trip in autos.

**BOTH JAPANESE LOSE**  
CHICAGO, Sept. 13.—Kumagae and Mikami, Japanese net stars, were beaten in singles today by Walter Hayes and Ralph Burdick, Chicago, tennis amateurs, at the Kenmore courts. Hayes downed Kumagae, 7-5, 6-4; and Burdick won over Mikami, 6-2, 6-1.

## AUTOISTS WARMING UP TO EVENTS AT FRESNO DISTRICT FAIR MEET

An innovation in automobile racing will be tried out in the California Basin classes at the Fresno District Fair on September 30, the last day of the fair, and promises to be a big success, as automobile racers from many sections of the country have already sent in their entry blanks. There will be two big races, and each race has been divided into three ten-mile heats. The reason for doing this was to furnish the excitement at the start and the end of the race. Believing that these two events are the most important parts of a race, it was the decision of the fair officials to divide the race into three heats. This will make the races short and snappy and will keep the crowd on their toes.

The first event is open to Class E non-stock cars of 300 cubic inch piston displacement and under, and the purse is \$1500, with each heat at \$500. The winner will receive 50 per cent; second, 25 per cent; third, 15 per cent, and fourth, 10 per cent.

The second event will be open to cars of the same class but with 450 cubic inch displacement and under, A purse of \$2100 has been hung up, divided for the four cars as per the rules for the first event.

Both races are under the rules and with the sanction of the contest board of the American Automobile Association.

Saturday is also Governor's day at the Fresno District Fair Association, and Governor Johnson has announced that he will be here. Governor Johnson will also be one of the honorary referees, serving with Mayor James Rolph of San Francisco.

The other officials at the race will be: L. A. Nares, first vice-president California State Automobile Association, referee.

H. A. French, western representative for contest board of American Automobile Association.

N. R. Cooper, Fresno, starter. Steve Neale, chief inspector for State Motor Vehicle Department, assistant starter.

Frank G. Hood, Fresno, charge of pits. W. X. Clark, Stockton, chairman of judges.

John R. Graham, Merced, judge. S. O. Walker, Visalia, judge.

Fred H. Hall, Bakersfield, honorary judge.

H. A. French, superintendent of State Motor Vehicle Department, at Sacramento, honorary judge.

Burton A. Towne, Los Angeles, honorary judge.

H. C. Carr, Porterville, chief umpire.

D. E. Watkins, San Francisco, secretary of California State Automobile Association, field umpire.

A. C. Kratzer, Coalunga, technical committee.

Ed R. Smith, Santa Monica, official announcer.

Dr. C. M. White, Visalia, physician.

Dr. D. L. Collins and Floyd Burks, Fresno, physicians.

H. Winata Lake, Fresno, director of entertainment.

## "BULLET" ROUPE WILL COACH FRESNO HIGH

Local footballers will soon be in the limelight, and the Fresno high school squad is taking advantage of the near opening of the season and in a few days will begin lining up a team for the coming activities on the gridiron. Arrangements have been complete for R. J. Roupe, former coach of the San Diego playground teams and a well-known player at Ames College, to coach the team. He will start work within a few days with the squad, and prospects are bright for the high school team putting a winning combination in the field.

## ANOTHER ROW IS ON IN AMATEUR CIRCLES

DES MOINES, Iowa, Sept. 13.—Mayor John MacVicar of Des Moines and the head of half a dozen commercial bodies today signed telegrams directed to Toledo, Ohio, business men, protesting against the game announced yesterday from Cleveland to send a Toledo amateur ball team here to play in the series for the national amateur championship instead of allowing the local team to go to Toledo, as had been scheduled.

## OLYMPIC CLUBMEN TO STAGE EXTRA CONTEST

Everything is fixed for the night of boxing to be staged by the Olympic Athletic Club at Zupp's Park tomorrow evening, and according to Matchmaker Johnson, all the participants are fit and ready to go. Seven bouts will be staged, Buzz Martin and Shag, the favorite tailor, having been signed for the extra attraction. The first bout will be staged at 8:30 o'clock sharp, and the program will be as follows: Buzz Martin vs. Shag the Tailor, 118 pounds.

Joe McGurk vs. Jim Marcus at 135 pounds.

Joe McGurk vs. Jene Cline at 120 pounds.

Ockie Fair vs. Young Melver at 130 pounds.

Vir James vs. Johnny Condee at 118 pounds.

Young Merton vs. "Speed" Carlton at 140 pounds.

Frank Daken vs. Young Stanley at 125 pounds.

## Separation Park at Tia Juana to Open

SAN DIEGO, Cal., Sept. 13.—The fall meeting at the Tia Juana of the Lower California Jockey Club will open November 11, according to information received here today from James Coffroth, president, who is in New York. Coffroth declares that 500 horses will be brought from the Atlantic Coast to take part in the meet, and the purses will be raised from \$300 to \$400 a race.

## Lorenson of Newman Is Portland Winner

PORTLAND, Ore., Sept. 13.—H. Lorenson of Newman, Cal., won first prize in the Pacific Coast welterweight handicap event here today at the eleventh annual Pacific Coast trap-shooting tournament. A high wind resulted in low scores, Lorenson breaking only 91 out of 100.

N. Port of San Jose, Cal., won the Pacific Coast special event with 97 breaks out of 100.

## Howard O. Coale Will Coach Tulare Kickers

TULARE, Sept. 13.—Twenty high school boys were out for the opening football practice last night. Howard O. Coale will act as coach again this season, and expects to have two full teams practicing before the end of the week. The Tulare students are getting an early start in the season this year, and expect to produce a fast team for the league series.

## Balloon Passengers Enjoy Jaunt in Air

PHILADELPHIA, Sept. 13.—The balloon "Greater Philadelphia" which left this city last night with three passengers, in a long distance flight to break the state record of 335 miles in 12-1/2 hours, descended at Womack, R. I., today, according to a dispatch received here from Charles Y. Sully, one of the passengers. The balloon was in the air 20 hours and 15 minutes and covered about 250 miles.

## SIMPSON AND MURRAY WILL SHOW AT SWEDEN

NEW YORK, Sept. 13.—Frederick W. Rublen, secretary-treasurer of the Amateur Athletic Union, announced tonight that he had decided definitely to send Simpson and Fred Murray of San Francisco as the third and fourth members of the American team to accompany Ted Meredith and J. G. Loomis abroad to compete in the games being arranged in Christiania, Norway; Copenhagen, Denmark and Stockholm, Sweden, on October 12, 14 and 21, respectively.

## HEAVYWEIGHTS HAVE ANOTHER LOVE FEAST

MEMPHIS, Tenn., Sept. 13.—Jack Dillon of Indianapolis and Battling Levinsky of New York fought eight rounds here last night to a draw. Both men boxed cleverly, and neither was severely punished. Dillon forced the fighting in the early stages of the bout and knocked his opponent down the ropes in the second round, but Levinsky came back strong toward the end of the fight and assumed the aggressive. Dillon weighed 189 pounds and Levinsky 175.

## THREE WESTERNERS IN TRI STATE TOURNEY

CINCINNATI, Sept. 13.—Three Californians and one New Yorker remained at the completion of the fourth round in the men's singles of the Tri-State tennis tournament here today. William M. Johnston, Edn Fottrell and William E. Davis, all of San Francisco, and Dean Mathey of the West Side Club of New York, came through victorious in their matches. Johnston defeated T. McK. Cummins of Wheeling, W. Va.; Fottrell vanquishing Harold Leblond of Cincinnati. Davis disposing of Fred Bastian of Indianapolis, while Mathey obtained the winner's share in the match with Roland Roberts of San Francisco.

## Great Western Results

QUAWKUM, Wis., Sept. 12.—Jim Zou, a bay gelding of unknown breed, owned by J. McChristian of Burlington, Wis., and driven by Newell, upset all calculations in the 250 pace in the Great Western Circuit meet at the Wisconsin State fair, by winning the \$1000 purse from a field of eight starters. Liddle took second money and the Wilkner third. Best time, 2:13 1/4.

## DURBOROW HANGS UP NEW AQUATIC RECORD

Philadelphia Remains in Water for Period of Over Thirteen Hours

## PHILADELPHIA, Sept. 13.—A new world's record was established by Charles E. Durborow when he finished one of the most difficult and trying swims of his career last Sunday in 13 hours and 20 minutes, covering 36 1/2 miles in the Delaware river.

The champion began his swim at 6 o'clock at night from Chester up the river to Penn Treaty Park, Kensington, from which place he crossed the river to the New Jersey side and on the 13th at the tide began the second lap of his endurance feat. He went back to Chester and returned from there to Edgemoor, completing the 36 1/2 miles.

## Gambling on Games Bad for Baseball

Warren Brown of San Francisco takes a rap at the small fry who make betting on baseball a pastime, and there is more truth than poetry in what he says. His article follows: Report after report has been coming our way about the tin-horn gamblers who have been making life miserable for umpires all through the bush circuits. Affairs have reached such a stage now that umpires are really afraid of reentering decisions as they see them, for fear that somebody's ten or twenty that is bet on the result will be lost. Last Sunday in one of the most important games of the week an umpire was roughly handled simply because he called a play as he saw it. The umpire in question has been noted for his impartiality and fairness, yet he was made to suffer simply because some fan had bet his week's lunch money on the result. If the umpire's fans prefer to spend their Sundays in the future sitting on the family front porch reading the comic supplement rather than at a red-hot ball game, then they are adopting the right procedure. Allow the gambling and umpire intimidation to go on and bush ball will last about as long as a sandwich in front of a hungry tramp.

## Great Western Results

QUAWKUM, Wis., Sept. 12.—Jim Zou, a bay gelding of unknown breed, owned by J. McChristian of Burlington, Wis., and driven by Newell, upset all calculations in the 250 pace in the Great Western Circuit meet at the Wisconsin State fair, by winning the \$1000 purse from a field of eight starters. Liddle took second money and the Wilkner third. Best time, 2:13 1/4.

## FORMER PRESIDENT DIES

CHICAGO, Sept. 13.—Dr. George K. Herman, former president of the Amateur Athletic Union, died at his home here last night of heart disease. Several weeks ago he underwent an operation for appendicitis. He was 55 years old.

## The Better Brew

You will find that FRESNO BOHEMIAN BEER is superior to most beers. It is made under the most ideal conditions and from materials that are selected because of their high qualities.

Drink it freely if you would enjoy better health as it possesses health bringing qualities found in no other beer.

It is liquid bread.

## GOOD ROADS BOOST PLAN OF CHAMBER OF COMMERCE

Arranges Big Gathering  
for Oct. 19th in Con-  
vention Hall

Speechmaking, Songs and  
Dancing to Follow  
Dainty Luncheon

A big "get-together-boost-up" meeting of the Fresno County Chamber of Commerce, at which a dinner will be served and a program of song and dancing enjoyed, all for a nominal admission fee, was planned last night at the meeting of the directors of the chamber. Visitors from every chamber of commerce in Fresno county and their relatives and friends are to be invited to the banquet and one of the most successful gatherings ever held here by a civic organization. It is believed, will be held by the county body.

Plans for the big entertainment will be perfected next Thursday evening when the executive committee and the advisory board, the latter consisting of representatives from every chamber of commerce within the county, will meet here. For only Director George Boles has been delegated to start work on the proposed affair. He will endeavor to secure the new Fresno Auditorium for the night of October 19. Successful here, a program will immediately be arranged on which will be placed vaudeville acts, vocal selections by home talent, some speech making, an organ recital on the newly installed organ and a long number of dances following the dinner.

The chief object of the "get-together" will be to create interest in the \$3,500,000 good roads bond issue, favored by the County Chamber of Commerce. The election will follow the meeting in five days and the interval between the banquet and the election is to be one continual round of boosts for the carrying of the bonds.

A second motive, but little less important, is to gain the interests of the business and professional men of

## FATHER BARTERS 2 DAUGHTERS Exchanged for \$400 and Liberty

In exchange for complete satisfaction of a bill amounting to about \$400, and agreement that he would not be prosecuted for failure to provide for his two pretty daughters, Gus Youell yesterday made out legal adoption papers for the children, to Mr. and Mrs. J. H. Christie, 278 West avenue. William Harver, Sr., president of the Fresno County Humane Society, who was instrumental in having Youell arrested, consented to the trade, when Christie gave him a note for \$25, to pay for the officer's expenses in bringing Youell from Los Angeles to this city. Upon a motion of Harver, Judge Graham dismissed the action against Youell.

In speaking of the legalized sale of the children, last night, Mrs. Christie, the purchasing party said: "We were the best way out of the difficulty. Both of us are perfectly satisfied. The father does not have to pay the \$400, and is therefore

pleased. We have the children and we are then contented. "As for the children they are extremely happy. We went to visit them in the county orphanage last Sunday, where they were staying while the matter was in court. Both of them cried and wanted to come home with us. They call us daddy and mamma, and hardly realize that we are not their real parents. It means that they will now have a settled and contented home environment, and all the little things that go to make up a girl's life."

The two girls are Anita, aged 3 years, and Grace, aged 2. They have lived with the Christies for nearly two years. The father is widely known in this city, and for many years was a metal worker in a local hardware concern. He will return to Los Angeles, it is said.

Christie is manager of the Home Manufacturing Company planning mill on West avenue.

## DROWNING CAUSE OF M'SHARRY'S DEATH

Funeral Services to Be  
Held at 9 o'Clock  
Today

Death from drowning and not from injuries sustained when he was thrown against the forward turret of a motor car in which he was riding early Tuesday morning when the machine hurled a ditch on Central avenue, was the verdict reached yesterday in an autopsy and inquest, in the case of John P. McSharry, deputy district attorney.

Today the memory of the young lawyer will be honored by hundreds of friends, and by the bar of the city, which will attend the services in a body. The last rites will be conducted at the St. John's Catholic church. High requiem mass will be celebrated for the repose of his soul at 9 o'clock.

Dr. W. T. Burks, who conducted the autopsy, stated at the inquest yesterday morning at 9 o'clock, that the injuries sustained by McSharry when he was thrown against the machine, were not fatal in themselves. Other witnesses at the inquest, stated that McSharry was in the water fully half an hour before the members of the party were able to locate the body. Witnesses were James W. Gearhart, L. W. Green, driver of the machine, and Andrew Johnson, a rancher living near Central and Elm avenues where the accident occurred. Charles P. McSharry, father of the deceased, made the identification.

Members of the jury were Ivan C. McIndoo, V. M. Coz, T. J. Beckett, J. H. Garrett, W. F. Dunn and T. L. Garrison.

Resolutions of regret at the death

## HAWSON IS SLATED FOR DEMOCRATIC CHAIRMANSHIP

Will Preside at State Con-  
vention in Sac-  
ramento

Chandler and Candidates  
to Attend Republican  
State Meeting

Henry Hawson, Assemblyman from the fifth district, has practically been agreed upon for chairman of the Democratic State Convention when the delegates meet next Tuesday in Sacramento, and it is not likely that the minority will put forward a challenger. Hawson has been a delegate to every Democratic state convention since 1905. His election to the chairmanship of the state convention is backed by the Democratic central committee, Senator Irwin of Kings county, and a majority of the leading Democrats of the Assembly who are candidates for re-election. Fred H. Hall, Bakersfield, is chairman of the Democratic state central committee; Robert D. Treg, San Francisco, is secretary, and Sidney M. Van Wyck Jr., San Francisco, is chairman of the executive committee. Attorney O. K. Cushing, San Francisco, and Van Wyck are the announced candidates for the chairmanship of the state central committee.

Those who will attend the convention from the near vicinity, besides Hawson, are Willard Brooks, fifth district, and Russell Elder, representing the senatorial district. Melvin Pettit, received the Progressive and Democratic nominations in the fifth-second district. He is registered as a Progressive, and it was hinted locally yesterday that Pettit might be contested should he attempt to attend the Democratic convention. Legally, it was pointed out that Pettit is entitled to a seat at every convention to which he has received the party nomination.

W. F. Chandler, hold over Senator from this district, has been elected delegate to the Republican state convention, which convenes next Tuesday in Sacramento. Chandler is the Republican write-in candidate in the primary election. The Republicans from this vicinity who will attend the Republican state convention are A. W. Carlson, fifth district; John Fairweather, fifth-first district, and L. H. Cary, fifth-second district.

of John P. McSharry, deputy district attorney, were adopted yesterday by the Young Lawyers' club of Fresno, meeting in special session during the morning in the court room of Superior Judge G. E. Church.

The Fresno Bar Association will hold a special meeting for the purpose of adopting similar resolutions this morning in the court house. The members will march in a body to the church for the funeral services.

The meeting of the Young Lawyers' Club was presided over by C. E. Beaumont, president of the organization who appointed R. G. Haddock, L. E. Ayneworth and H. E. Dwyer, a committee of three to draw up the resolutions. In their report, which was unanimously adopted, the committee reviewed the life of their late co-workers, praising his ability, perseverance and courage.

"We feel most keenly the loss of the association and the comradeship of our fellow member, John P. McSharry, and desire to formally express to the bereaved family our deep sense of personal loss, and to extend to them our sincerest sympathies," was the principal phrase of the resolution. Music at the funeral this morning will be chanted by a vested boys' choir. At the conclusion of the rites the choir will proceed the cortege marching from R street to Fresno street.

Following the hier the Knight of Columbus will march in a body. Members of the bar association of Fresno and the Young Lawyers' Club will come next in the order.

Pall bearers were selected last night as follows: Eugene Rabill, P. G. Doherty and A. C. Keimber of the Knights of Columbus and R. G. Haddock, P. G. Cummins and C. E. Beaumont of the Bar Association.

## UNIVERSITY COURSE BEGINS OCTOBER 4

Dr. Raymond to Speak on  
Problems of Six Euro-  
pean Nations

Word was received yesterday by A. M. Drew from Prof. Jerome Hall Raymond, lecturer of the University Extension Systems, in which he made known that his course of lectures this fall would start on the evening of October 3rd.

Prof. Hall's lectures last year attracted a wide gathering and his program of talks this term promises a number of interesting subjects. His address in Fresno will have to do with the problems of six European states, named as follows: Ireland; the struggle of an unsuited race; Scotland; its ancient lore and modern life; Denmark; a pioneer in co-operation; Poland; a kingdom divided against itself; Belgium; a burnt offering to the God of war; Spain; the evolution of freedom.

Fresno's University Extension Course Club has a membership of 150. Its members recently joined forces with the High school and purchased a brand new stereopticon which will probably be used this fall to illustrate Prof. Raymond's lectures. The officers of the Extension club are: A. M. Drew, president; W. A. Conn, secretary; Directors, A. M. Drew, W. A. Conn, Thos. Griffin, Emma N. Davis, Edna L. Adams, Eugene E. Henth, V. A. Rohrer and J. W. Capleman.

## FRESNO SCHOOLS GET \$132,252.50

Fresno county will receive \$132,252.50 from the office of the State Treasurer this week as its share of the apportionment for the support of public schools. To spare the expense of shipping gold coin, the treasurer probably will send the county treasurer to make the payment in exchange.

Los Angeles county will receive the largest settlement, \$814,110, and the smallest amount, \$750, goes to Alpine county.

## PENTECOST CHURCH PLANS NEW BUILDING

Rustic Structure to Be  
Erected at Thomas  
and Clark Aves.

Work was started yesterday on a new church structure at the corner of Thomas and Clark avenues to cost in the neighborhood of \$2000 for the congregation of the Pentecostal Mission. The building is to be of rustic architecture, with elaborate woodwork interior, and when completed will seat about 250. Rev. William E. Cople is pastor of the present mission, which now holds services in a tent on Thomas avenue near Adelman street. When the new building is completed the church will be known as the Thomas Avenue Mission church. W. C. Helms is the architect and builder. It is believed that the building will be ready for occupancy early in November.

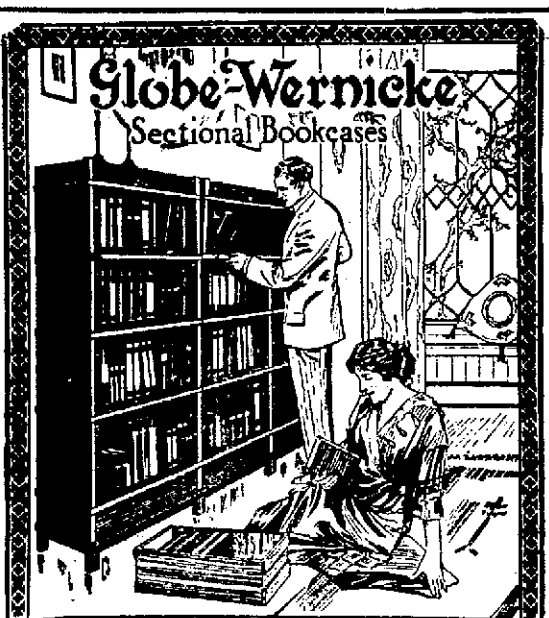

## FRESNO COUNTY HAS \$1,404,445 ON HAND

Official Money Count Is  
Made; Ewing's  
Figures Right

Fresno county has \$1,404,445.45 in the treasury, according to an official count made yesterday. The figures corresponded exactly with the figures prepared by County Treasurer Ewing. The county's balance was found to be \$778,932.25, and the city's balance on hand was found to be \$625,462.16. The money counts included \$614,249 in gold, \$257,437 in currency and \$3,161 in silver. The balance to make up the grand total is made up of securities for 2 per cent loans to the amount of \$139,550, state highway bonds amounting to \$150,000, warrants, school bonds and checks. Yesterday's money count was made by Supervisor Chris Jorgensen, County Auditor Charles E. Burum, Assistant District Attorney R. E. Dwyer, Mayor A. E. Snow and Deputy City Clerk James J. Senior.
